AUDITORS' REPORT TO THE MEMBERS

We have audited the annexed statement of financial position of Pak China Investment Company Limited ("the Company") as at December 31, 2011 and the related profit and loss account, statement of comprehensive income, cash flow statement and statement of changes in equity together with the notes forming part thereof (here-in-after referred to as the 'financial statements') for the year then ended and we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of our audit.

It is the responsibility of the Company's management to establish and maintain a system of internal control, and prepare and present the above said statements in conformity with the approved accounting standards and the requirements of the Companies Ordinance, 1984. Our responsibility is to express an opinion on these statements based on our audit.

We conducted our audit in accordance with the International Standards on Auditing as applicable in Pakistan. These standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of any material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting policies and significant estimates made by management, as well as, evaluating the overall presentation of the financial statements. We believe that our audit provides a reasonable basis for our opinion and, after due verification, we report that:

- a) in our opinion, proper books of account have been kept by the Company as required by the Companies Ordinance, 1984;
- b) in our opinion:
 - i) the statement of financial position and profit and loss account together with the notes thereon have been drawn up in conformity with the Companies Ordinance, 1984 and are in agreement with the books of account and are further in accordance with accounting policies consistently applied;
 - ii) the expenditure incurred during the year was for the purpose of the Company's business; and
 - iii) the business conducted, investments made and the expenditure incurred during the year were in accordance with the objects of the Company;

mmuna

- c) in our opinion and to the best of our information and according to the explanations given to us, the statement of financial position, profit and loss account, statement of comprehensive income, cash flow statement and statement of changes in equity together with the notes forming part thereof conform with approved accounting standards as applicable in Pakistan, and give the information required by the Companies Ordinance, 1984 in the manner so required and respectively give a true and fair view of the state of the Company's affairs as at December 31, 2011 and of the profit, its cash flows and changes in equity for the year then ended; and
- d) in our opinion no zakat was deductible at source under the Zakat and Ushr Ordinance, 1980 (XVIII of 1980).

Pak China Investment Company Limited

Notes to the Financial Statements

For the year ended December 31, 2011

1. STATUS AND NATURE OF BUSINESS

Pak China Investment Company Limited ("the Company") was incorporated in Pakistan as a limited company on July 27, 2007. The registered office of the Company is situated at 13th Floor, Saudi Pak Tower, Blue Area, Islamabad. The Company is a 50:50 joint venture between the 'Government of China' and 'Government of Pakistan' through China Development Bank and Ministry of Finance respectively. The objective of the Company is to invest in infrastructure projects, both directly and through establishment of various subsidiary companies.

The Company has commenced business after obtaining Certificate of Commencement of Business from Securities and Exchange Commission of Pakistan ("SECP") on 02 November 2007 and permission to commence business from State Bank of Pakistan on 10 January 2008. The Federal Government of Pakistan specified the name of the Company for the purposes of section 3(A) of the Banking Companies Ordinance, 1962 on 15 December 2007.

2. STATEMENT OF COMPLIANCE

These financial statements have been prepared in accordance with approved accounting standards as applicable in Pakistan. Approved accounting standards comprise of such International Financial Reporting Standards (IFRS) issued by the International Accounting Standards Board as are notified under the Companies Ordinance, 1984, provisions of and directives issued under the Companies Ordinance, 1984 and the directives issued by the State Bank of Pakistan (SBP). In case requirements differ, the provisions of and directives issued under the Companies Ordinance, 1984 and the directives issued by SBP shall prevail.

International Accounting Standard 39, "Financial Instruments: Recognition and Measurement", International Accounting Standard 40, "Investment Property" and International Financial Reporting Standard 7, "Financial Instruments: Disclosure" are not applicable to banking companies in Pakistan. Accordingly, the requirements of these standards have not been considered in the preparation of these financial statements. However, investments have been classified and valued in accordance with the requirements prescribed by SBP through various circulars.

2.1 Forthcoming accounting standards/ interpretations

The following standards, amendments and interpretations of approved accounting standards will be effective for accounting periods beginning on or after 01 January 2012:

- IAS 27 Separate Financial Statements (2011) - (effective for annual periods beginning on or after 1 January 2013). IAS 27 (2011) supersedes IAS 27 (2008). Three new standards IFRS 10 - Consolidated Financial Statements, IFRS 11- Joint Arrangements and IFRS 12- Disclosure of Interest in Other Entities dealing with IAS 27 would be applicable effective 1 January 2013. IAS 27 (2011) carries forward the existing accounting and disclosure requirements for separate financial statements, with some minor clarifications. The amendments are not expected to impact the current transactions of the Company.
- IAS 28 Investments in Associates and Joint Ventures (2011) - (effective for annual periods beginning on or after 1 January 2013). IAS 28 (2011) supersedes IAS 28 (2008). IAS 28 (2011) makes the amendments to apply IFRS 5 to an investment, or a portion of an investment, in an associate or a joint venture that meets the criteria to be classified as held for sale; and on cessation of significant influence or joint control, even if an investment in an associate becomes an investment in a joint venture. The amendments are not expected to impact the current transactions of the Company.
- IAS 19 Employee Benefits (amended 2011) - (effective for annual periods beginning on or after 1 January 2013). The amended IAS 19 includes the amendments that require actuarial gains and losses to be recognised immediately in other comprehensive income; this change will remove the corridor method and eliminate the ability for entities to recognise all changes in the defined benefit obligation and in plan assets in profit or loss, which currently is allowed under IAS 19; and that the expected return on plan assets recognised in profit or loss is calculated based on the rate used to discount the defined benefit obligation. The Company does not plan to adopt this change early and the extent of the impact has not been determined.
- Presentation of Items of Other Comprehensive Income (Amendments to IAS 1) - (effective for annual periods beginning on or after 1 July 2012). The amendments require that an entity present separately the items of other comprehensive income that would be reclassified to profit or loss in the future if certain conditions are met from those that would never be reclassified to profit or loss. The amendments do not address which items are presented in other comprehensive income or which items need to be reclassified. The requirements of other approved accounting standards continue to apply in this regard. The amendments are not expected to impact the current transactions of the Company.
- Offsetting Financial Assets and Financial Liabilities (Amendments to IAS 32) - (effective for annual periods beginning on or after 1 January 2014). The amendments address inconsistencies in current practice when applying the offsetting criteria in IAS 32 Financial Instruments: Presentation. The amendments clarify the meaning of 'currently has a legally enforceable right of set-off'; and that some gross settlement systems may be considered equivalent to net settlement. The amendments are not expected to impact the current transactions of Company.
- IFRIC 20 - Stripping cost in the production phase of a surface mining (effective for annual periods beginning on or after 1 January 2013). The interpretation requires production stripping cost in a surface mine to be capitalized if certain criteria are met. The amendments have no impact on the unconsolidated financial statements of the Company.

3. BASIS OF PRESENTATION AND MEASUREMENT

3.1 Basis of presentation

These financial statements have been presented in accordance with the requirements of format prescribed by SBP's BSD Circular No 4 dated February 17, 2006.

3.2 Basis of measurement

These financial statements have been prepared under the historical cost convention as modified for certain investments which are carried at fair value and defined benefit gratuity plan which is carried at present value of defined benefit obligations net of fair value of plan assets and unrecognised actuarial losses.

WOMEN

Pak China Investment Company Limited

Notes to the Financial Statements

For the year ended December 31, 2011

3.3 Functional and presentation currency

The financial statements are presented in Pakistan Rupees which is the Company's functional currency. The amounts have been rounded off to the nearest rupee.

3.4 Critical accounting estimates and judgements

The preparation of financial statements in conformity with approved accounting standards requires management to make judgements, estimates and assumptions that affect the application of policies and reported amount of assets and liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form basis of making the judgements about carrying values of assets and liabilities which are not readily apparent from other sources. Actual results may differ from these estimates. The estimates and underlying assumptions are reviewed on an ongoing basis. Revision to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of its revision and future periods if the revision affects both current and future periods. Judgement made by the management in the application of approved accounting standards that have significant effect on the financial statements and estimates with a significant risk of material adjustment in the next year are discussed in note 32.

4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to the period presented.

4.1 Cash and cash equivalents

Cash and cash equivalents comprise of cash and balances with treasury banks and with other banks.

4.2 Revenue recognition

Mark-up / return / interest income and expenses are recognised on a time proportion basis taking into account effective yield on the instrument, except where recovery is considered doubtful, the income is recognised on receipt basis. Interest / return / mark-up on rescheduled / restructured advances and investments is recognised as permitted by the Prudential Regulations issued by SBP.

Gain / (loss) on sale of securities is recognised in profit and loss account at the time of sale of relevant securities.

Surplus / (deficit) arising on revaluation of the Company's held for trading investment portfolio is taken to profit and loss account.

Premium or discount on acquisition of investments is capitalised and amortised through profit and loss account over the remaining period till maturity.

Dividend income is recognised when the Company's right to receive the dividend is established.

Fee, commission and brokerage income is recognised as the services are rendered.

4.3 Sale and repurchase agreements

Securities sold subject to a repurchase agreement (repo) are retained in the financial statements as investment and the counter party liability is included in borrowings. Securities purchased under an agreement to resell (reverse repo) are not recognised in the financial statements as investments and the amount extended to the counter party is included in lendings to financial institutions. The difference between the purchase/ sale and re-sale/ re-purchase price is recognised as mark-up income/ expense on a time proportion basis, as the case may be.

4.4 Advances

Advances are stated net of provisions for non-performing advances. Provision for advances is determined in accordance with the requirements of the Prudential Regulations issued by SBP from time to time. In addition, a general provision is maintained for advances (Refer note 9.3.2).

Provision against non-performing advances and general provision is charged to profit and loss account. Advances are written off when there is no realistic prospect of recovery.

4.5 Investments

The Company classifies its investments as follows:

(a) Held to maturity

These are securities with fixed or determinable payments and maturity in respect of which the Company has the positive intent and ability to hold till maturity. In accordance with the BSD circular No. 14 dated September 24, 2004 issued by the State Bank of Pakistan, investments classified as 'held to maturity' are carried at amortised cost less impairment, if any. Impairment on debt securities is determined in accordance with the requirements of Prudential Regulations issued by SBP and included in profit and loss account.

UNMAY

(b) Available for sale

These are investments that do not fall under the held for trading or held to maturity categories.

Investments are initially recognised at fair value which includes transaction costs associated with the investment.

Premium or discount on acquisition of investments is amortised through the profit and loss account over the remaining period till maturity using effective interest method.

In accordance with the requirements of SBP, quoted securities are subsequently re-measured to market value. Surplus / (deficit) arising on revaluation of quoted securities classified as 'available for sale', is taken to a separate account shown in the balance sheet below equity.

Impairment loss in respect of investments classified as available for sale (except debt securities) is recognised based on management's assessment of objective evidence of impairment as a result of one or more events that may have an impact on the estimated future cash flows of the investments. A significant or prolonged decline in fair value of marketable investment below its cost is also considered an objective evidence of impairment. Provisions for diminution in the value of debt securities is made as per the Prudential Regulations issued by the SBP and included in profit and loss account. In case of impairment of available for sale quoted securities, the cumulative loss that has been recognised directly in equity is removed from equity and recognised in the profit and loss account.

Profit / loss on sale of investments is credited / charged to the profit and loss account currently.

4.6 Taxation

Current

Charge for current taxation is based on taxable income at the current rates of taxation after taking into account tax credits and tax rebates available, if any.

Deferred

The Company accounts for deferred taxation using balance sheet liability method on all temporary differences. The amount of deferred tax provided is based on expected manner of realisation or settlement of the carrying amount of assets and liabilities using the tax rates enacted or substantively enacted at balance sheet date. A deferred tax asset is recognised only to the extent that it is probable that future taxable profits will be available and the credits will be utilised. Deferred tax asset is reduced to the extent that it is no longer probable that the related tax benefit will be realised.

4.7 Operating fixed assets and capital work-in-progress

Fixed assets are stated at cost less accumulated depreciation and impairment loss (if any). Capital work in progress is stated at cost less impairment, if any.

Depreciation is calculated on a straight line method to write off the depreciable amount of each asset over its estimated useful life after taking into account residual value, if any. Rates of depreciation are specified in Note 10.2 to the financial statements. Depreciation on additions during the year is charged from the month of acquisition or the date the asset is available for use and on disposals upto the month of disposal.

The costs of day-to-day servicing of property and equipment are recognised in profit or loss as incurred.

Gains and losses on disposal of an item of property and equipment are determined by comparing the proceeds from disposal with the carrying amount of property and equipment, and are recognised net within "other income" in profit or loss.

4.8 Intangible assets

Intangible assets having finite useful life are stated at cost less accumulated amortization and accumulated impairment losses, if any. Such intangible assets are amortized using the straight line method over their estimated useful lives. The useful lives and amortization methods are reviewed and adjusted, if appropriate at each balance sheet date. Intangible asset having an indefinite useful life are stated at acquisition cost, less impairment loss, if any.

4.9 Staff Retirement Benefits

Defined benefit plan

The Company operates an approved funded gratuity scheme for all its regular employees. Contributions are made in accordance with the actuarial recommendation and included in profit and loss account. The actuarial valuation is carried out using "Projected Unit Credit Method". The actuarial gains / losses in excess of corridor limit (10% of higher of present value of obligation and fair value of plan assets) are recognized over the expected remaining working life of the employees. The Company has adopted a policy of recognising transitional liability over a period of 5 years.

UNW-128A

Pak China Investment Company Limited

Notes to the Financial Statements

For the year ended December 31, 2011

Defined contribution plan

The Company operates a recognised provident fund scheme for all its regular employees for which equal monthly contributions are made both by the Company and by the employees at the rate of 10% of the basic salary of the employee

4.10 Impairment

The carrying amount of the assets are reviewed at each balance sheet date to determine whether there is any indication of impairment. If any such indication exists, the asset's recoverable amount is estimated. An impairment loss is recognised whenever the carrying amount of an asset exceeds its recoverable amount. Impairment losses are reversed when there is an indication that impairment loss may no longer exist and there has been a change in the estimate used to determine the recoverable amount.

4.11 Foreign currency

Foreign currency transactions are recorded at the rates prevailing on the date of transactions. Monetary assets and liabilities in foreign currency are reported in Pakistan Rupees at the rates of exchange prevailing on the balance sheet date. Exchange gains and losses are included in income currently.

4.12 Off-setting of financial assets and financial liabilities

'Financial assets' and 'financial liabilities' are only offset and the net amount is reported in the balance sheet if the Company has a legal right to set-off the transaction and also intends either to settle on a net basis or to realise the asset and settle the liability simultaneously.

4.13 Earnings per share

The Company presents basic earnings per share (EPS) data for its ordinary shares. Basic EPS is calculated by dividing the profit or loss attributable to ordinary shareholders of the Company by weighted average number of ordinary shares outstanding during the year including instrument mandatorily convertible into ordinary shares.

4.14 Provision of guarantee claims, off balance sheet items and other provisions

Provision for guarantee claims and other off balance sheet obligations are recognised when intimated and reasonable certainty exists for the Company to settle the obligation.

Other provisions are recognised when the Company has a legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and a reliable estimate of the amount can be made. Provisions are reviewed at each balance sheet date and are adjusted to reflect the current best estimate.

4.15 Borrowings

Borrowings other than repo are recognized initially at cost being the fair value of consideration received, less attributable transaction costs. Subsequent to initial recognition, mark-up bearing borrowings are stated at amortized cost with any difference between originally recognized amount and redemption value being recognized in profit and loss account over the period of borrowing on an effective interest rate basis.

4.16 Other liabilities

Other liabilities are carried at cost which is the fair value of the consideration to be paid in the future for goods and services received.

4.17 Dividend and appropriation to reserve

Dividend and appropriation to reserves, except appropriation which are required by law after the balance sheet date, are recognised as liability in the Company's financial statements in the year in which these are approved.

4.18 Segment information

A segment is distinguishable component of the Company that is engaged in providing products or services (business segment), or in providing products or services within a particular economic environment (geographical segment), which is subject to risks and rewards that are different from those of other segments. The Company's primary format of reporting is based on business segments.

Business Segments

Following are the main segments of the Company:

Corporate Finance	Includes loans, advances and other transactions with corporate customers.
Trading & Sales	Undertakes the Company's fund management activities through leveraging and investing in liquid assets such as short term placements It carries out spread based activities in the inter bank market and manages the interest rate risk exposure of the Company.

Geographical Segments

The Company's all business segments operate only in Pakistan.

Pak China Investment Company Limited

Notes to the Financial Statements

For the year ended December 31, 2011

8.11.1 These are Government of Pakistan guaranteed securities.

8.11.2 Local securities have either been rated by "The Pakistan Credit Rating Agency Limited" (PACRA) or "JCR-VIS Credit Rating Company Limited" (JCR-VIS). These ratings reflect independent credit risk assessment by respective credit rating entities.

8.12 During the year management of the Company reassessed the settlement of bridge financing of Rs. 300 million to Avgard Nine Limited (ANL) including Private Placement Agreement dated 14 January 2010 with ANL and concluded it to be more appropriate to present the amount of Rs. 60.8 million as impairment loss on available for sale investments which was previously presented as "Bad debts written off directly". This has no effect on reported figures of profit before tax for the year ended 31 December 2010.

9.3.1 Provision for loans and advances for the year ended December 31, 2011 is reduced by before tax and after tax FSV benefit of Rs. 7.88 million and Rs. 5.12 million respectively (December 31, 2010 : Rs. 34.36 million and Rs. 22.33 million). The SBP amended the Prudential Regulations vide BSD Circular No. 1 of 2011 dated October 21, 2011 in relation to provision for loans and advances, thereby further allowing benefit of Forced Sale Value (FSV) of pledged stocks, mortgaged residential, commercial and industrial properties (land and building only) and plant and machinery under charge held as collateral against non-performing advances. FSV benefit availed by the Company includes Rs. 14.1 million and Rs. 9.2 million before and after tax amounts for the year respectively due to circular No. 1 of 2011 dated October 21, 2011.

9.3.2 General provision is maintained at the rate of 2% on advances other than non-performing advances and staff loans. During the year, the management of the Company has reassessed its estimate for general provision and accordingly increased the rate of general provision from 1% to 2%. This change in estimate has resulted in decrease in profit before tax and profit after tax for the year by Rs. 43,137,933 and Rs. 28,039,656 respectively.

APPROVED

Notes to the Financial Statements

For the year ended December 31, 2011

15.3.1 Compulsory reserve - statutory reserve

According to BPD Circular No. 15 dated May 31, 2004 issued by SBP, an amount not less than 20% of the after tax profits shall be transferred to create a reserve fund till such time the reserve fund equals the amount of paid-up capital and after that a sum not less than 5% of profit after tax shall be credited to statutory reserve. Therefore in accordance with SBP requirements, the Company is transferring 20% after tax profit for the year to statutory reserve.

- 15.4 During the year the Company issued 132,960,000 shares of Rs. 10 each to Ministry of Finance (MOF) and China Development Bank (CDB) each against advance for issue of shares. The movement in share capital is as follows:

	Number	Rupees
Balance as at 01 January 2011	645,720,000	6,457,200,000
Shares allotted (against cash)	265,920,000	2,659,200,000
Closing balance	911,640,000	9,116,400,000

- 15.5 Reserves as at December 31, 2011 include Rs. 170.84 million (December 31, 2010: Rs. 34.36) in respect of Forced Sale Value (FSV) of mortgaged residential, commercial, industrial properties (land and building only) and plant and machinery held as collateral against non-performing advances and investments allowed under BSD circular No 1 of 2011 dated October 21, 2011. Reserves to that extent are not available for payment of cash or stock dividend.

26.1 Executives mean employees, other than the chief executive and directors, whose basic salary exceed five hundred thousand rupees in a financial year. The Chief Executive and certain executives are also provided with other facilities, including free use of the Company's maintained car. Remuneration and other benefits to Directors include remuneration and benefits to the Company's Deputy Managing Director.

27 FAIR VALUE OF FINANCIAL INSTRUMENTS

Fair value is the amount for which an asset could be exchanged, or a liability settled, between knowledgeable willing parties in an arm's length transaction.

The fair value of investments is based on quoted market prices and rates quoted at Reuters Bases (Pakistani) with the exception of unlisted securities. Other investments for which quoted market data is not available are carried at cost which approximates their carrying amount.

Fair value of fixed term loans and advances, other assets and other liabilities cannot be calculated with sufficient reliability due to absence of current and active market for such assets and liabilities and reliable data regarding market rates for similar instruments. The provision for impairment of advances is calculated in accordance with the Company's accounting policy.

In the opinion of the management, the fair value of the remaining financial assets and liabilities is not significantly different from the carrying values since assets and liabilities are either short term in nature or in the case of advances are frequently repaid.

28 SEGMENT DETAILS WITH RESPECT TO BUSINESS ACTIVITIES

The segment analysis with respect to business activities is as follows:

29.1 Key management personnel include Managing Director, Deputy Managing Director, Chief Financial Officer and Company Secretary. Their salaries and other benefits other than the fee to executive directors amount to Rs. 53.6 million (2010: Rs. 34.7 million).

30 CAPITAL-ASSESSMENT AND ADEQUACY BASEL II SPECIFIC

30.1 Scope of Applications

As per the requirements of SBP, the capital adequacy framework has been applicable on all banks and DFIs. The Company has implemented the capital adequacy framework under Basel - II regime on stand alone basis. With a short operating period, the balance sheet of the Company remains relatively unleveraged. Hence the Company is expected to maintain adequate capital against the regulatory requirement of minimum capital. The Company remains cognizant of the fact that its going concern status is not dependent only on strong capital base but its ability to book quality assets that fits well on the risk and return spectrum it is pursuing. At present, the Company is dependent on its equity base to meet its capital requirements, however, it is contemplating various options to leverage its balance sheet in the ensuing years.

30.1.1 Capital Structure

	2011 Rupees	2010 Rupees
Tier I Capital

WARRANTY

30.1.2 Capital Adequacy

As per BSD Circular No. 1 dated January 1, 2008, the SBP has required all Banks / DFIs to adopt standardized approaches for Credit and Market Risk and Basic Indicator / Standardized approach for Operational Risk under Basel-II Regime from January 1, 2008. Pursuant to BSD circular No. 07 dated April 25, 2009 Banks / DFIs have to set aside an amount of capital equivalent to 10% (December 31, 2010 - 10%) of their risk weighted assets for conducting business. The New Basel Regime not only covers additional risks, but also provides flexibility on capital assignment against different types of credit risks. Higher quality assets in each segment will decrease the capital requirements.

The Company's objectives when managing its capital are:

- To comply with the capital requirements set by the SBP;
- To safeguard the Company's ability to continue as a going concern so that it can continue to provide returns to shareholders and benefits to other stakeholders; and
- To maintain a strong capital base to support the development of its business

The growth prospects of the Company will be linked with the macroeconomic environment, industry conditions and its ability to attract quality assets. At present, the Company has restricted its market risk by not participating in secondary stock trading. It is engaged in booking quality assets in loan segment.

The risk-weighted assets are measured by means of a hierarchy of five risk weights classified according to the nature of and reflecting an estimate of credit, market and other risks associated with each asset and counterparty, taking into account any eligible collateral or guarantees. A similar treatment is adopted for off-balance sheet exposure, with some adjustments to reflect the more contingent nature of the potential losses.

The Company will continue to maintain the required regulatory capital either through its risk management strategies or by increasing the capital requirements in line with the business and capital needs.

	2011		2010	
	Capital Requirements	Risk Weighted Assets	Capital Requirements	Risk Weighted Assets

Capital Adequacy Ratio	(a) / (b)	110.27%	96.53%

31 RISK MANAGEMENT

The Company is primarily subject to interest rate risk, credit risk, market risk and liquidity risk. The management of Company is cognizant of these risks and has put in place requisite parameters to manage distinct risks within acceptable limits. The approach used for risk management has taken into account the nature and size of the organization. The core principle behind the risk management approach in the Company is that the members of the respective specialized risk management committees collaborate with relevant department in line with the risk management policies and frame works. A dedicated risk management function is also functioning to identify, quantify, monitor and control these risks.

31.1 Credit risk

Credit risk represents the accounting loss that would be recognized at the reporting date if counter parties failed to perform as contracted. The management also continuously monitors the credit exposure towards the customers and makes provision against those balances that are considered doubtful for recovery.

Notes to the Financial Statements
For the year ended December 31, 2011

31.3 Market risk

Market risk is the loss due to adverse movements in market rates or price such as foreign exchange rates, interest rates and equity prices and / or commodity prices. Market risk pertaining to the trading book consists of positions in financial instruments held either with trading intent or in order to hedge other elements of the trading book. All investments excluding trading book are considered as part of banking book. Banking book includes all investment other than available for sale market treasury bills. Due to diversified nature of investments in banking book, the Company is subject to interest rate risk only. The Company is using Basel-II standardized approach to calculate risk weighted assets against market risk exposure.

31.3.1 Interest rate risk

Interest rate risk is the risk that assets value will change due to change in the market interest rates. The Company manages its interest rate risk by entering into floating rate agreements with its customers. Major portion of the credit portfolio is linked to floating rate. To further keep the Company abreast of the interest rate risk, an Asset and Liability Committee (ALCO) meets with sufficient regularity to discuss the interest rate risk strategy. Interest rate risk profile is also prepared on a monthly basis to ascertain the interest rate movements with regard to the portfolio.

Notes to the Financial Statements

For the year ended December 31, 2011

31.3.2 Foreign exchange risk

Foreign exchange risk arises in case of an on balance sheet / off balance sheet asset or liability position when there is adverse exchange rate movement. The Company has following exposure in this category of market risk.

		2011		
	Assets	Liabilities	Off balance sheet items	Net currency exposure
	-----Rupees-----			
Pakistan Rupee	9,505,801,458	119,093,895	-	9,386,707,563
United States Dollar	1,483,162,075	-	-	1,483,162,075
	<u>10,988,963,533</u>	<u>119,093,895</u>	<u>-</u>	<u>10,869,869,638</u>
		2010		
	Assets	Liabilities	Off balance sheet items	Net currency exposure
	-----Rupees-----			
Pakistan Rupee	10,043,614,335	1,145,732,918	-	8,897,881,417
United States Dollar	1,393,162,746	-	-	1,393,162,746
	<u>11,436,777,081</u>	<u>1,145,732,918</u>	<u>-</u>	<u>10,291,044,163</u>

31.3.3 Equity risk

Equity price risk is the risk to the earnings or capital resulting from an adverse change in the value/ price of equity. The Company's exposure in equity market is classified in available for sale category with the intent to earn profit based on fundamentals.

31.4 Capital risk management

The Company's objectives when managing capital risks are to safeguard the Company's ability to continue as a going concern in order to provide returns for shareholders and benefits for other stakeholders and to maintain an optimal capital structure to reduce the cost of capital. In order to maintain or adjust the capital structure, the Company may adjust the amount of dividend to shareholders, return of capital to shareholders, issue new shares or sell assets to reduce debt. In terms of BSD circular No. 19 of 2008 issued by SBP, DFIs are required to raise their paid up capital to Rs. 8 billion by December 31, 2011. Upto the year end, the Company has a paid up capital of Rs. 9.1 billion.

31.5 Operational risk

Operational risk is the risk of direct or indirect loss resulting from inadequate or failed internal processes, people and system of the Company.

The risk management function in the Company monitors the operational risk in order to ensure the safeguarding of assets and to mitigate other related risks.

31.5.1 Operational Risk-Disclosures Basel II Specific

The Company has adopted the Basic Indicator Approach for ascertaining capital requirements for its operational risk. Up to the year end, the Company has not incurred any loss owing to operational risk.

32 ACCOUNTING ESTIMATES AND JUDGEMENTS

32.1 Provision against non-performing loans and advances

The management reviews the loan portfolio to assess non-performing accounts and expected recovery on a quarterly basis. In determining the non-performing accounts and provision requirements, the relevant Prudential Regulations issued by SBP, payment status of mark-up and principal, expected future cash flows of the business, security position and personal wealth of the directors and owners are taken into account.

32.2 Classification of investments

In classifying investments the Company follows the guidance provided in SBP circulars.

WMM/MS

Pak China Investment Company Limited

Notes to the Financial Statements

For the year ended December 31, 2011

32.3 Impairment of investments

The management determines that 'available-for-sale' investments are impaired when there has been a significant or prolonged decline in market value/ fair value below its cost. In making this judgement, the management considers among other factors, the decline in market price below cost by 20% as significant and if the decline in market price persists for 9 months as prolonged. For available for sale debt securities and held to maturity debt securities, impairment loss is determined on the basis of prudential regulations of SBP.

32.4 Income taxes

In making the estimates for income taxes currently payable by the Company, the management looks at the current income tax laws and the decisions of appellate authorities on certain issues and the appeals of the department pending at various levels of authorities.

32.5 Operating fixed assets and intangible asset

The Company reviews the useful lives and residual value of operating fixed assets and intangible asset on a regular basis. Any change in estimates in future years might affect the carrying amounts of the respective items of operating fixed assets and intangible asset with a corresponding effect on the depreciation charge/ amortization and impairment.

32.6 Contingencies

The Company reviews the status of all the legal cases on a regular basis. Based on the expected outcome and lawyers' judgments, appropriate provision is made.

32.7 Valuation of financial instruments

For available for sale treasury bill and PIB investments, the Company uses PKRV rates available at the balance sheet date to ascertain their fair values. For available for sale quoted term finance certificates, the Company uses quoted market rates available at the balance sheet date to ascertain their fair value.

32.8 Gratuity

The Company's gratuity liability is determined using assumptions which are disclosed in note 25 to the financial statements which are used for determining present value of defined benefit obligations and fair value of plan assets. Any change in the assumptions from actual results would change the amount of unrecognised gains and losses.

33 DATE OF AUTHORISATION FOR ISSUE

These financial statements were authorised for issue in the Board of Directors meeting held on 12.6 MAR 2012

34 GENERAL

34.1 The Pakistan Credit Rating Agency Limited has issued long term credit rating of AA- and the short term rating of A1+ for the Company.

34.2 Captions as prescribed by BSD Circular No. 4 dated February 17, 2006 issued by SBP for which there are no amounts have not been reproduced in these financial statements except for the balance sheet and profit and loss account.
