

### **PAK-CHINA INVESTMENT COMPANY LIMITED**

## FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2021

EY Ford Rhodes Chartered Accountants Eagle Plaza 75-West, Faziul-Haq Road Blue Area, P.O. Box 2388 Islamabad 44000, Pakistan

Tel: +9251 234 4160-62 Fax: +9251 234 4163 ey.isb@pk.ey.com ey.com/pk

We present the combined Chairman's and Directors' Report of Pak China Investment Company Limited (PCICL – the Company) along with the audited financial statements of the Company and Auditors' report thereon, for the year ended 31 December 2021.

### **Economy overview**

Economic growth rebounded to 5.7% in FY 2020-21 and is expected to surpass it in FY 2021-22 as business activities have gradually resumed. Current Account Deficit and Fiscal Deficit have been under control in FY 2020-21 which helped easing the pressure on forex reserves and Government spending on Covid related matters.

Government and State Bank of Pakistan (SBP) took many monetary and fiscal policy initiatives to bolster economic activities in Pakistan. These policy efforts proved instrumental in driving the sharp recovery in real GDP growth in FY 2020-21, exceeding expectations. The growth was broad-based, with major shares from industry, and wholesale and retail trade services. Led by the conducive supply and demand dynamics as well as a low base effect from Covidled contraction last year.

This rebound in economic growth was facilitated by a significant expansion in credit off take by the private sector. The demand for fixed investment loans was high, and these rose close to the levels seen during the previous high-growth years of FY 2017-18. The SBP's concessionary refinance schemes, particularly for long-term investment under the Temporary Economic Refinance Facility (TERF), played a major role in increasing the long terms loans.

During the year under review, to counter inflationary pressures and ensure that growth remains sustainable Monetary Policy Committee increased the policy rate by 275 bps in nearly three months' time scale which repriced the existing loans on a higher side.

Pakistan's economy is expected to continue recovering, supported by stronger private investment, improving business activity, a steady vaccine rollout, and economic stimulus measures introduced in FY 2020-21. Headline inflation has been on higher side due to base effects and energy prices and is not likely to be contained amidst the global conflict going on. Future Monetary Policy decisions will majorly base on inflation surge and CAD figures.

### **Operating Results**

PCICL's profit after tax for financial year 2021 was Rs. 773.16 million as compared to Rs. 773.20 million in 2020, almost the same. Thus, EPS in both years 2021 and 2020 was Re. 0.80. Detailed analysis is given in below paragraphs.

In order to provide stimulus to economy after Covid-19, SBP had reduced policy rate from 13.25% to 7% in first half of the financial year 2020, which has in fact reduced the net mark-up income in 2021 as compared to 2020, however rising inflation during the year under review forced SBP to increase policy rate from 7% to 9.75% in the last quarter of the year 2021 and thus impacting the slight increase in top line. The major impact of this increase in policy rate would culminate into increased net mark-up income in year 2022. The reduction in net mark-up income due to reduction in policy rate was wholly off-set by full recovery of suspended mark-up of one of the syndicate clients.

The fee and commission income increased by 33% i.e. Rs. 31.68 million, depicting our business divisions' commitment towards advisory and unfunded portfolio. Exchange income increased from Rs. 56.92 million in 2020 to Rs. 251.43 million in 2021, a massive increase due to pressure on Rupee against US Dollar caused by continuous CAD figure. This all increase in non-fund income was partly offset by net loss on securities which have come down from net gain of Rs. 110.73 million in 2020 to net loss of Rs. 42.65 million in 2021. Due to macroeconomics factors, PSX's performance remained lacklustre the whole year, coupled with down-gradation from Emerging Markets to Frontier Markets by Morgan Stanley Capital International (MSCI).

PCICL followed the same principles of austerity measures as it followed during the outbreak of Covid-19 and lock down. Operating expenses grew by only 8.64% thus helping in offsetting the impact of decreased policy rate during the first three quarters of the financial year 2021 to support the bottom line.

On Balance Sheet front, investments decreased as compared to last year due to maturity of Market Treasury Bills. This reduction was partially offset by fresh investments in debt securities and a commercial paper. The gross advances grew by handsome 36.76% as compared to last year. With the enhanced focus on close monitoring of our relationships, PCICL had no new NPL during 2021. Concerted efforts of our Business and SAM to collect overdue amounts has borne fruit in current year under review as a chronic defaulted client had come forward for out-of-court settlement, and PCICL succeeded in recovering partial principal amount. Resultantly, NPL to gross advances ratio decreased from 13.55% as of year-end to 9.66% at the end of current year. Short term borrowings have decreased substantially with the maturity of Market Treasury Bills, however long term borrowings from SBP and other Banks have increased to fund the disbursements.

### **Appropriations**

The Board of Directors recommends the appropriations of Rs. 154.63 million from unappropriated profit to statutory reserve for the year ended 31 December 2021, as per instructions of SBP.

### **Entity Ratings**

During the year, the Company's long-term entity rating was maintained at 'AAA' by VIS Credit Rating Company Limited. The medium to long-term rating of 'AAA' is the highest rating rank and denotes highest credit quality, with negligible risk factors, being only slightly more than for risk-free debt of Government of Pakistan. The short-term rating of 'A-1+' denotes highest certainty of timely payment, liquidity factors are outstanding and safety is just below risk free short-term obligations of Government of Pakistan. Outlook on the assigned ratings is 'Stable'.

The assigned ratings of PCICL incorporate implicit support of its two sovereign sponsors, Government of Pakistan (GoP) and People's Republic of China (PRC), with equal shareholding held through Ministry of Finance (MoF) and China Development Bank (CDB), respectively. The ratings also take into account strong capitalization, diversified revenue stream, sound liquidity, and conservative risk appetite.

### **Risk Management**

The risk management framework encompasses multi-tier management supervision, efficient monitoring and clearly articulated risk appetite, policies and procedures. The Company is exposed to credit risk, market risk, liquidity risk and operational risk over the course of its core operations. Given the current macroeconomic scenario in Pakistan, foreign exchange risk and interest rate risk are also important factors affecting the Company's on and off balance sheet activities. Details about these principal risks faced by the company along with their mitigants are given in note 42 of attached financial statements.

The Company remains adequately capitalised as at 31 December 2021 with a capital adequacy ratio reported at 62.84% (2020: 70.68%) and leverage ratio at 41.08% (2020: 39.22%).

### **Associated Companies**

During 2017, the Company invested in 40,073,830 shares of Pakistan Stock Exchange Limited (PSX) thus owning 5% of total share capital of the PSX. The Company has a representation in the Board of Directors of PSX, making it an associated company. Management has carried out an impairment analysis based on future free cash flows of PSX discounted at the Company's cost of equity as of year-end. The recoverable value as at the year-end calculated through impairment model showed that it is more than the carrying value and hence no impairment is warranted at the year end.

The Company also holds 15,000,000 shares of Central Depository Company of Pakistan Limited owning 5% of the total share capital of CDC. The Company has a representation in the Board of Directors of CDC, making it an associated company.

Till date, the Company has disbursed equity contribution of Rs. 201.1 million (2020: Rs. 201.1 million) in Deli JW Glassware Company Limited. In 2019, Deli-JW issued 10,000 ordinary shares to its sponsors; with the Company receiving 5% of the issued share capital. The Company is entitled to 9% share in the ordinary share capital of Deli-JW and is represented on the Deli-JW Board of Directors (BOD) by an employee of the Company, and hence carried in the books as investment in associate.

Investments in associates have been carried in the books on equity method as per International Accounting Standard 28 'Investment in Associates and Joint Ventures'.

### **Customer Complaint Management**

PCICL has a procedure in place for customer complaints. However, no customer complaint was lodged during the year under review.

### **Corporate Governance**

As per BPRD Circular No. 14 of 2016 dated 20 October 2016, Code of Corporate Governance issued by the SECP is not applicable on DFIs, however SBP expects DFIs to follow the best

practices on corporate governance. The Company as a good governance practice has complied with the relevant requirements of the Listed Companies (Code of Corporate Governance) Regulations 2019 for the year ended 31 December 2021. A statement to this effect is given below:

### Corporate and Financial Reporting Framework

- The financial statements, prepared by the management of the Company, present fairly its state of affairs, the results of its operations, cash flows and changes in equity;
- Proper books of accounts of the Company have been maintained;
- Appropriate accounting policies have been consistently applied in preparation of these financial statements and accounting estimates are based on reasonable and prudent judgment;
- International Financial Reporting Standards, as applicable in Pakistan, have been followed in preparation of financial statements and any departures therefrom has been adequately disclosed and explained;
- The system of internal control is sound in design and has been effectively implemented and monitored;
- There are no significant doubts upon the Company's ability to continue as a going concern;
- Key operating and financial data for the last six years, in a summarized form, is given hereunder;

### **Board Structure and Performance Evaluation**

The Board sets the tone at the top by promoting professional standards and corporate values that cascade down to senior management and all other employees of the Bank. Board constitutes members from diverse professional backgrounds who bring a wealth of experience, and has established independent committees to ensure the highest standards in transparency, compliance and the efficacy of business and risk management strategies in order to oversee the discharge of stewardship.

Total number of male and female directors, composition of Board into executive and non-executive directors and names of members of Board committees are disclosed in statement of compliance with Code of Corporate Governance, annexed in this annual report.

The Board of Directors of PCICL is cognizant of its responsibilities and carry out its fiduciary duties with a sense of objective judgement in the best interest of the Company. During the year, four Board meetings were held along with meetings of different committees from time to time, as and when legally or operationally required. All the significant matters, as per TORs of respective committees, were brought to the attention of committees and recommendations were made to the Board. Besides deciding on recommendations of its committees, Board also discharged its statutory responsibilities as required by the law, regulations and code.

The role of Board is evaluated as per SBP guidelines. The Company has put in place an evaluation framework for evaluation of the Board. The performance of the Board is assessed on select parameters, undertaken through a questionnaire, relating to Board's composition, working procedure, role of the Board, Board's oversight and relationship with the management. Evaluation is done on annual basis. Last year's evaluation was carried out in the Board meeting held on 30 March 2021. This year's evaluation will be done in the meeting to be held for approval of annual financial statements.

### Pattern of Shareholding

The pattern of shareholding at the close of 31 December 2021 is as under:

| Shareholders                                | Shareholding |
|---|--------------|
| Ministry of Finance, Government of Pakistan | 50%          |
| China Development Bank                      | 50%          |

### **Statement on Internal Controls**

The Board of Directors of the Company is responsible for ensuring that an adequate and effective internal control system exists in the Company and that the management of the Company assumes responsibility of establishing and maintaining effective internal controls throughout the Company and has made a statement on internal control in this regard. The management's statement on internal control is being endorsed by the Board of Directors through this report.

### **Auditors**

The present auditors, M/s EY Ford Rhodes & Co., Chartered Accountants have completed their assignment for the year ended 31 December 2021 and shall retire at the conclusion of the Meeting.

The Board of Directors, on the recommendation of the Board Audit Committee, has recommended M/s A.F. Fergusons & Co, Chartered Accountants, who have consented for appointment as statutory auditor for the year 2022; in place of retiring auditors. M/s A.F. Fergusons & Co, Chartered Accountants, have confirmed that they have been given satisfactory rating under the Quality Control Review program of the Institute of Chartered Accountants of Pakistan, and that the firm and all their partners are compliant with the International Federation of Accountant's (IFAC) Guideline on Code of Ethics, as adopted by the Institute of Chartered Accountants of Pakistan, and meet the requirements for appointment under the applicable laws.

### **Events after the Date of Statement of Financial Position**

There have not been any material events that occurred subsequent to the date of the Statement of Financial Position that require adjustments to the attached financial statements.

### **Looking Ahead**

The foremost challenges for Pakistan's policy makers are to ensure consolidation of economic stability and improvement in the fiscal regime through a higher tax to GDP ratio, expenditure restraint, control of the inflationary pressures, and continued enhancement of the competitiveness of our exports. The risks to the economy are multifaceted including global uncertainties and hence Pakistan would have to wade through rough times ahead. Given the

challenges on hand, 2022 is expected to be a year to watch for measures of consolidation and economic stabilization. We will be focusing on the growth of quality assets and business, backed by our efficient and robust operating platform.

### **Outgoing and Incoming Directors of the Company**

Mr. Wang Baojun tenure as Managing Director of the Company ended during the year, after serving more than three years. The Company achieved new heights during his tenure and adopted cautious and enhanced control and monitoring environment in his leadership. Likewise, tenure of Mr. Noor Ahmed ended during the year as non-executive director of the Company. We wish to place on record our deepest appreciation for the contributions made by them towards achieving the objectives of the Company. Mr. Wang Baojun has now been nominated as Chairman Board of Directors of the Company, and Mr. Jiang Ketao has been designated as Deputy Managing Director of the Company. We welcome both of them on board.

### Acknowledgements

The Board expresses its gratitude for the support and commitment extended by our main sponsors, Ministry of Finance, Government of Pakistan and China Development Bank. The Board also appreciates the efforts undertaken by the management and employees of the Company for establishing its mark in such a short period. The Board is also grateful for the continuous guidance provided by the State Bank of Pakistan and Securities & Exchange Commission of Pakistan.

### **ANNUAL STATEMENT OF INTERNAL CONTROLS 2021**

An internal control system is a set of procedures and activities designed to identify and mitigate the risk in processes and operations in order to support the overall business objectives of the Company. It is the responsibility of the Company's management to establish an internal control system to maintain an adequate and effective internal control environment on an ongoing basis.

The Management of Pak China Investment Company Limited assumes full responsibility for establishing and maintaining an adequate and effective system of internal controls throughout the company that provides reasonable assurance regarding the reliability of financial reporting. Management understands that the effective maintenance of the Internal Controls System is an ongoing process under the ownership of the management. All significant policies and procedural manuals are in place; and the review, revision, and improvement to keep them updated to cope with latest challenges is actively pursued by the management.

The management of PCICL, has adopted the internationally accepted COSO Integrated Framework, in accordance with the guidelines on Internal Controls from State Bank of Pakistan and has completed all stages of Internal Control over Financial Reporting (ICFR). Internal Audit conducts audit of relevant activities and processes to evaluate the effectiveness of the control environment throughout the Company.

The Company follows the SBP's instructions on Internal Controls over Financial Reporting (ICFR) and has complied with the SBP's stage wise implementation roadmap. As part of this exercise, the Company has documented a comprehensive ICFR Framework which has been approved by the Board of Directors. The Company's external auditors are engaged annually to provide a Long Form Report on ICFR, which is submitted to the SBP within the required timelines. During the year, the Company conducted testing of financial reporting controls for ensuring the effectiveness of ICFR in the last quarter of 2021.

Based upon the results achieved from reviews and audits conducted during the year, management considers that the existing Internal Control System is adequate and is being effectively implemented and monitored, though room for improvement always exists.

During the year under review, PCICL endeavored to follow the guidelines issued by the SBP on internal controls, for evaluation and management of significant risks, and will continue to endeavor for further improvements in the Internal Controls System. While an Internal Controls System will be effectively implemented and monitored, however, due to inherent limitations, the Internal Controls System is designed to manage rather than eliminate the risks of failure to achieve desired objectives, and can only provide reasonable but not absolute assurance against material misstatement or loss.

The Board of Directors of PCICL is ultimately responsible for ensuring that an adequate and effective Internal Control System exists in the Company and endorses the above management evaluation.

### INDEPENDENT AUDITOR'S REVIEW REPORT

### To the members of Pak China Investment Company Limited

Review Report on the Statement of Compliance contained in Listed Companies (Code of Corporate Governance) Regulations, 2019

We have reviewed the enclosed Statement of Compliance with the Listed Companies (Code of Corporate Governance) Regulations, 2019 (the Regulations) prepared by the Board of Directors of Pak China Investment Company Limited (the Company) for the year ended 31 December 2021, with the requirements of regulation 36 of the Regulations.

The responsibility for compliance with the Regulations is that of the Board of Directors of the Company. Our responsibility is to review whether the Statement of Compliance reflects the status of the Company's compliance with the provisions of the Regulations and report if it does not and to highlight any non-compliance with the requirements of the Regulations. A review is limited primarily to inquiries of the Company's personnel and review of various documents prepared by the Company to comply with the Regulations.

As a part of our audit of the financial statements we are required to obtain an understanding of the accounting and internal control systems sufficient to plan the audit and develop an effective audit approach. We are not required to consider whether the Board of Directors' statement on internal control covers all risks and controls or to form an opinion on the effectiveness of such internal controls, the Company's corporate governance procedures and risks.

The Regulations require the Company to place before the Audit Committee, and upon recommendation of the Audit Committee, place before the Board of Directors for their review and approval, its related party transactions. We are only required and have ensured compliance of this requirement to the extent of the approval of the related party transactions by the Board of Directors upon recommendation of the Audit Committee.

Based on our review, nothing has come to our attention which causes us to believe that the Statement of Compliance does not appropriately reflect the Company's compliance, in all material respects, with the requirements contained in the Regulations as applicable to the Company for the year ended 31 December 2021.

We draw your attention towards the following matters as per the Statement of Compliance for the year ended 31 December 2021.

| Requirements   | Mandatory/Non-<br>Mandatory | Regulation<br>No | Explanation   |
|--|-----------------------------|------------------|---|
| Appointment of Independent Directors:  It is mandatory that each company shall have at least two or one third members of the Board, whichever is higher, as independent directors.  The Company does not have any independent directors. | Mandatory                   | 6 and 27         | SBP has, vide BPRD Circular No. 14 of 2016 has, however, instructed Development Financial Institutions (DFIs) established as Joint Venture Companies, including the Company, to continue to ensure compliance with all provisions of Prudential Regulations in respect of Corporate Governance as long as any provision thereof does not conflict with any provision of their Joint Venture |

|   |                             |           | Agreements. The Joint Venture Agreement (JVA) dated 18 July 2007, under which the Company has been established, require that the Company's Board of Directors shall consist of six (6) members, to be appointed equally by respective shareholders. Accordingly, the Company is not required to appoint any independent director.  |
|---|-----------------------------|-----------|--|
| Non-Compliance of Constitution of Board Committees:  Refer to paras 6, 7, 12 & 14 of the Statement of Compliance, the Regulations requires that the Company's audit (mandatory) and human resource (HR, non-mandatory) committees to consist of at least 3 directors. As of reporting date, there was only one member of these committees. For the same reason, requirements regarding holding of specified meetings of these committees could not be met.    | Mandatory (& non-mandatory) | 27 and 28 | Under the requirements of the Joint Venture Agreement, mentioned above, the concerned Joint Venture Partner has been making efforts to find suitable candidates to appoint Managing Director and two Nominee Directors on the Board of Directors of the Company. Accordingly, as of reporting date, the Board of Directors of the Company have not been constituted in accordance with the Joint Venture Agreement and mandatory (and non-mandatory) requirements of the Regulations relating to the Board, audit and HR committees, respectively, could not be fulfilled. |
| Non-Compliance of Directors' Training programme:  By 30 June 2021, at least 75% of the directors on the boards of the companies were required to have acquired the prescribed certification under any director training program offered by institutions, local or foreign, that meet the criteria specified by Securities and Exchange Commission of Pakistan and approved by it.  None of the Company's directors have acquired the requisite certification. | Non-Mandatory               | 19 (iii)  | The directors appointed by the Government of China were not available in Pakistan due to lock down situation in Pakistan after break-out of Covid-19 pandemic and the office of directors to be appointed by Government of Pakistan remained vacant during the year; accordingly, the Company could not comply with the above requirement.   |

- \* The Joint Venture Agreement (JVA), dated 18 July 2007 under which the Company has been established, requires that the Board of Directors (the Board) shall consist of six (6) members, to be appointed equally by respective shareholders. Accordingly, the Company is not required to appoint any independent director. Further, the Regulations require that the chairman of the Audit Committee and Human Resource Committee should be an independent director. As explained above, the Company does not have independent directors on its Board of Directors, therefore the Company cannot appoint independent director as Chairman of the Audit Committee and Human Resource Committee. Refer to para 18 below.
- The Directors have confirmed that none of them is serving as a director on more than seven listed companies, including this, Company.
- 4. The Company has prepared a code of conduct and has ensured that appropriate steps have been taken to disseminate it throughout the Company along with its supporting policies and procedures.
- 5. The Board has developed a vision/mission statement, overall corporate strategy and significant policies of the Company. The Board has ensured that complete record of particulars of the significant polices along with their date of approval or updating is maintained by the Company.

- All the powers of the Board have been duly exercised and decisions on relevant matters have been taken by Board / shareholders as empowered by the relevant provisions of the Companies Act, 2017 and the Regulations, except as described in para 18 below.
- 7. The meetings of the Board were presided by Chairman (the director elected by the Board for this purpose). The Board has complied with the requirements of Companies Act, 2017 and the Regulations with respect to frequency, recording and circulating minutes of meetings of Board, except as described in para 18 below.
- 8. The Board has a formal policy and transparent procedures for remuneration of Directors in accordance with the Companies Act, 2017 and the Regulations.
- 9. The Board has arranged Directors' Training program for none of the directors during the year. The training for directors could not be arranged, during the year, mainly due to non-availability of Chinese directors in Pakistan due to health and safety measures prescribed by Government of Pakistan to combat impact of Covid-19 pandemic and vacant offices of Directors to be appointed by Government of Pakistan. The Company intends to fulfill this requirement in Financial Year 2022.
- 10. The Board has approved appointment of Chief Financial Officer, Company Secretary and Head of Internal Audit, including their remuneration and terms and conditions of employment, and complied with the relevant requirements of the Regulations.
- 11. Chief Financial Officer and (Acting) Chief Executive Officer duly endorsed the financial statements before approval of the Board.
- 12. The Board has formed committees comprising of members given below:

| Committee                 | Name of Chairman / Members |        |  |
|---------------------------|----------------------------|--------|--|
| Audit Committee*          | Ms. Wang Li                | Member |  |
| HR Committee*             | Ms. Wang Li                | Member |  |
| Risk Management Committee | Ms. Wang Li                | Member |  |

<sup>\*</sup> Refer to discussion of non-compliances in para 18 below.

- 13. The terms of reference of the aforesaid committees have been formed, documented, and advised to the committees for compliance.
- 14. The frequency of meetings of the committees were as following:

| Name of Committee  | Number of<br>Meetings held | Number of<br>Meetings required |  |
|--|----------------------------|--------------------------------|--|
| Board Audit Committee (BAC)*                                 | 4                          | Quarterly                      |  |
| Board Human Resource and Remuneration Committee (BHR & RC) * | 1                          | As and when required           |  |
| Board Risk Management Committee (BRMC)                       | 2                          | Half Yearly                    |  |

<sup>\*</sup> Refer to discussion of non-compliances in para 18 below.

- 15. The Board has set up an effective Internal Audit function, who are considered suitably qualified and experienced for the purpose and are conversant with the policies and procedures of the Company.
- 16. The statutory auditors of the Company have confirmed that they have been given a satisfactory rating under the quality control review program of the Institute of Chartered Accountants of Pakistan and registered with Audit Oversight Board of Pakistan, that they or any of the partners of the firm are in compliance with International Federation of Accountants guidelines on code of ethics as adopted by the Institute of Chartered Accountants of Pakistan and that they and the partners of the firm involved in the audit are not close relative (spouses, parent, dependent and non-dependent children) of the Chief Executive Officer, Chief Financial Officer, Head of Internal Audit, Company Secretary or Director of the Company.
- 17. The statutory auditors or the persons associated with them have not been appointed to provide other services except in accordance with the Companies Act, 2017, the Regulations or any other regulatory requirement and the auditors have confirmed that they have observed IFAC guidelines in this regard.
- 18. We confirm that all other requirements of the Regulations 3, 7, 8, 27, 32, 33 and 36 of the Regulations have been complied with, except for matter discussed below.

| Requirements  | Mandatory/Non-<br>Mandatory | Regulation<br>No | Explanation   |
|---|-----------------------------|------------------|---|
| Appointment of Independent Directors:   | Mandatory                   | 6 and 27         |   |
| It is mandatory that each company shall have at least two or one third members of the Board, whichever is higher, as independent directors.  The Company does not have any independent directors. |                             |                  | SBP has, vide BPRD Circular No. 14 of 2016 has, however, instructed Development Financial Institutions (DFIs) established as Joint Venture Companies, including the Company, to continue to ensure compliance with all provisions of Prudential Regulations in respect of Corporate Governance as long as any provision thereof does not conflict with any provision of their Joint Venture Agreements. The Joint Venture Agreement (JVA) dated 18 July 2007, under which the Company has been established, require that the Company's Board of Directors shall consist of six (6) members, to be appointed equally by respective shareholders. Accordingly, the Company is not required to appoint any independent director. |

| Non-Compliance of Constitution of Board   | Mandatory (& non-<br>mandatory) | 27, 28 | Under the requirements of the Joint Venture Agreement,   |
|---|---------------------------------|--------|--|
| Refer to paras 6, 7, 12 & 14 above, the Regulations requires that the Company's audit (mandatory) and human resource (HR, nonmandatory) committees to consist of at least 3 directors. As of reporting date, there was only one member of these committees. For the same reason, requirements regarding holding of specified meetings of these committees could not be met. |                                 |        | mentioned in first paragraph above, the concerned Joint Venture Partner has been making efforts to find suitable candidates to appoint Managing Director and two Nominee Directors on the Board of Directors of the Company. Accordingly, the Board of Directors of the Company have not been constituted in accordance with the Joint Venture Agreement and mandatory and non-mandatory requirements of the Regulations relating to the Board, audit and HR committees, respectively, could not be fulfilled. |

19. Explanations for Non-Compliance with regulations other than 3, 6, 7, 8, 27, 32, 33 and 36 are given below:

| Mandatory/Non-<br>Mandatory | Regulation<br>No | Explanation  |
|-----------------------------|------------------|--|
| Non-Mandatory               | 19 (iii)         |  |
|                             |                  | The directors appointed by the Government of China were not available in Pakistan due to lock down situation in Pakistan after break-out of Covid-19 pandemic and the office of directors to be appointed by Government of Pakistan remained vacant during the year; accordingly, the Company could not comply with the above requirement. |
|                             | Mandatory        | Mandatory No   |

### INDEPENDENT AUDITOR'S REPORT

To the members of Pak China Investment Company Limited

Report on the Audit of the Financial Statements

### Opinion

We have audited the annexed financial statements of Pak China Investment Company Limited (the Company), which comprise the statement of financial position as at 31 December 2021, the statement of profit and loss account, the statement of comprehensive income, the statement of changes in equity and the statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information, and we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of the audit.

In our opinion and to the best of our information and according to the explanations given to us, the statement of financial position, the statement of profit and loss, the statement of comprehensive income, the statement of changes in equity and the statement of cash flows together with the notes forming part thereof conform with the accounting and reporting standards as applicable in Pakistan and give the information required by the Companies Act, 2017 (XIX of 2017), in the manner so required and respectively give a true and fair view of the state of the Company's affairs as at 31 December 2021 and of the profit and other comprehensive income, the changes in equity and its cash flows for the year then ended.

### **Basis for Opinion**

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### Information Other than the Financial Statements and Auditor's Report Thereon

Management is responsible for the other information. The other information comprises the information included in the Annual Report but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements, or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

FIFR

### Responsibilities of Management and Board of Directors for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the accounting and reporting standards as applicable in Pakistan and the requirements of Companies Act, 2017 (XIX of 2017) and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Board of directors are responsible for overseeing the Company's financial reporting process.

### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to
  fraud or error, design and perform audit procedures responsive to those risks, and obtain audit
  evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting
  a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may
  involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal
  control.
- Obtain an understanding of internal control relevant to the audit in order to design audit
  procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion
  on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

• Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the board of directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

### Report on Other Legal and Regulatory Requirements

Based on our audit, we further report that in our opinion:

- a) Proper books of account have been kept by the Company as required by the Companies Act, 2017 (XIX of 2017);
- b) The statement of financial position, the statement of profit and loss account, the statement of comprehensive income, the statement of changes in equity and the statement of cash flows together with the notes thereon have been drawn up in conformity with the Companies Act, 2017 (XIX of 2017) and are in agreement with the books of account and returns;
- c) Investments made, expenditure incurred and guarantees extended during the year were for the purpose of the Company's business; and
- d) No Zakat was deductible at source under the Zakat and Ushr Ordinance, 1980 (XVIII of 1980).

### 1 STATUS AND NATURE OF BUSINESS

Pak China Investment Company Limited (the Company) was incorporated in Pakistan as a public limited company on 27 July 2007. The registered office of the Company is situated at 13th Floor, Saudi Pak Tower, Blue Area, Islamabad. The Company is a 50:50 joint venture between the 'Government of China' and 'Government of Pakistan' through China Development Bank and Ministry of Finance, respectively. The Company's objectives include, inter alia, investment and financing in infrastructure projects, and in industrial, manufacturing, non-manufacturing and financial sectors.

The Company commenced business after obtaining the Certificate of Commencement of Business, from the Securities and Exchange Commission of Pakistan (SECP), on 02 November 2007, and the permission to commence business from the State Bank of Pakistan (SBP), on 10 January 2008.

### 2 BASIS OF PRESENTATION

These financial statements have been presented in accordance with the format prescribed by SBP's BPRD Circular No. 2 dated 25 January 2018.

#### 2.1 STATEMENT OF COMPLIANCE

These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards comprise of:

- International Financial Reporting Standards (IFRS) issued by the International Accounting Standards Board (IASB) as are notified under the Companies Act, 2017;
- Islamic Financial Accounting Standards (IFAS) issued by the Institute of Chartered Accountants of Pakistan as are notified under the Companies Act, 2017;
- Provisions of and directives issued under the Banking Companies Ordinance, 1962 and the Companies Act, 2017; and
- Directives issued by the State Bank of Pakistan (SBP) & the Securities and Exchange Commission of Pakistan (SECP).
- 2.1.1 Whenever the requirements of the Banking Companies Ordinance, 1962, the Companies Act, 2017 and the directives issued by the SBP and the SECP differ with the requirements of IFRS and IFAS the requirements of the Banking Companies Ordinance, 1962, the Companies Act, 2017 and the said directives, shall prevail.
- 2.1.2 The SBP, vide BSD Circular Letter No. 10, dated August 26, 2002 has deferred the applicability of International Accounting Standard 39 'Financial Instruments: Recognition and Measurement' (IAS 39) (SBP has directed the banks/DFI's in Pakistan to implement IFRS 09 'Financial Instruments' with effect from January 01, 2024 with option to adopt the standard early if possible) and International Accounting Standard 40 'Investment Property' (IAS 40) for banking companies till further instructions. Further, according to a notification of Securities and Exchange Commission of Pakistan (SECP) dated April 28, 2008, International Financial Reporting Standard 7 'Financial Instruments Disclosure' (IFRS 7), has not been made applicable for DFI's. Accordingly, the requirements of these standards have not been considered in the preparation of these financial statements. However, investments have been classified and disclosed in accordance with the requirements prescribed by SBP through various circulars.
- 2.1.3 The Securities and Exchange Commission of Pakistan (SECP) vide SRO 56 (1) / 2016 dated January 28, 2016, has notified that the requirements of International Financial Reporting Standard 10 'Consolidated Financial Statements' (IFRS 10) and section 228 of the Companies Act, 2017 will not be applicable with respect to the investment in mutual funds established under Trust structure.
- 2.1.4 The State Bank of Pakistan through BPRD Circular No. 04 of 2015 dated February 25, 2015 has deferred applicability of Islamic Financial Accounting Standard 3 'Profit & Loss Sharing on Deposits' (IFAS-3) issued by the Institute of Chartered Accountants of Pakistan and notified by the Securities & Exchange Commission of Pakistan (SECP), vide their SRO No. 571 of 2013 dated June 12, 2013 for Institutions offering Islamic Financial Services (IIFS). The standard will result in certain new disclosures in the financial statements of the Company.

### 2.2 AMENDMENTS TO THE PUBLISHED APPROVED ACCOUNTING STANDARDS THAT ARE EFFECTIVE IN THE CURRENT YEAR

Following amendments to existing standards that have become applicable to the Company for accounting periods beginning on or after January 1, 2022 but are considered not to be either relevant or not have any significant impact on these financial statements:

3/FR

### - Interest Rate Benchmark Reform - Phase 2: Amendments to IFRS 9, IAS 39, IFRS 7, IFRS 4 and IFRS 16

The amendments provide temporary reliefs which address the financial reporting effects when an interbank offered rate (IBOR) is replaced with an alternative nearly risk-free interest rate (RFR).

These amendments had no impact on the financial statements of the Company. The amendments introduce a practical expedient to account for modifications of financial assets or financial liabilities if a change results directly from IBOR reform and occurs on an 'economically equivalent' basis. In these cases, changes will be accounted for by updating the effective interest rate. A similar practical expedient will apply under IFRS 16 for lessees when accounting for lease modifications required by IBOR reform. The amendments also allow a series of exemptions from the regular, strict rules around hedge accounting for hedging relationships directly affected by the interest rate benchmark reforms. The amendments apply retrospectively with earlier application permitted. Hedging relationships previously discontinued solely because of changes resulting from the reform will be reinstated if certain conditions are met. The Company intends to use the practical expedients, available under (IBOR) reform, in future periods if they become applicable.

#### - Covid-19-Related Rent Concessions beyond 30 June 2021 Amendments to IFRS 16

On May 28, 2020, the IASB issued Covid-19-Related Rent Concessions - amendment to IFRS 16 Leases. The amendments provide relief to lessees from applying IFRS 16 guidance on lease modification accounting for rent concessions arising as a direct consequence of the Covid-19 pandemic. As a practical expedient, a lessee may elect not to assess whether a Covid-19 related rent concession from a lessor is a lease modification. A lessee that makes this election accounts for any change in lease payments resulting from the Covid-19 related rent concession the same way it would account for the change under IFRS 16, if the change were not a lease modification.

The amendment was intended to apply until June 30, 2021, but as the impact of the Covid-19 pandemic is continuing, on March 31, 2021, the IASB extended the period of application of the practical expedient to June 30, 2022. The amendment applies to annual reporting periods beginning on or after April 1, 2021. However, the Company has not received Covid-19-related rent concessions, but plans to apply the practical expedient if it becomes applicable within allowed period of application.

### 2.3 STANDARDS, INTERPRETATIONS OF AND AMENDMENTS TO THE PUBLISHED APPROVED ACCOUNTING STANDARDS THAT ARE NOT YET EFFECTIVE

The following International Financial Reporting Standards (IFRS Standards) as notified under the Companies Act, 2017 and the amendments and interpretations thereto will be effective for accounting periods beginning on or after January 01, 2022:

- Onerous Contracts Cost of Fulfilling a Contract (Amendments to IAS 37) effective for the annual period beginning on or after January 01, 2022 amends IAS 1 by mainly adding paragraphs which clarifies what comprise the cost of fulfilling a contract. Cost of fulfilling a contract is relevant when determining whether a contract is onerous. An entity is required to apply the amendments to contracts for which it has not yet fulfilled all its obligations at the beginning of the annual reporting period in which it first applies the amendments (the date of initial application). Restatement of comparative information is not required, instead the amendments require an entity to recognize the cumulative effect of initially applying the amendments as an adjustment to the opening balance of retained earnings or other component of equity, as appropriate, at the date of initial application. The amendment is not likely to have an impact on the Company's financial statements.
- Property, Plant and Equipment: Proceeds before Intended Use (Amendments to IAS 16) effective for the annual period beginning on or after January 01, 2022. Clarifies that sales proceeds and cost of items produced while bringing an item of property, plant and equipment to the location and condition necessary for it to be capable of operating in the manner intended by management e.g. when testing etc., are recognized in profit or loss in accordance with applicable Standards. The entity measures the cost of those items applying the measurement requirements of IAS 2. The standard also removes the requirement of deducting the net sales proceeds from cost of testing. An entity shall apply those amendments retrospectively, but only to items of property, plant and equipment that are brought to the location and condition necessary for them to be capable of operating in the manner intended by management on or after the beginning of the earliest period presented in the financial statements in which the entity first applies the amendments. The entity shall recognize the cumulative effect of initially applying the amendments as an adjustment to the opening balance of retained earnings (or other component of equity, as appropriate) at the beginning of that earliest period presented. The amendment is not likely to have an impact on the Company's financial statements.

- Reference to the Conceptual Framework (Amendments to IFRS 3) Reference to the Conceptual Framework, issued in May 2020, amended paragraphs 11, 14, 21, 22 and 23 of and added paragraphs 21A, 21B, 21C and 23A to IFRS 3, effective for the annual period beginning on or after January 01, 2022. An entity shall apply those amendments to business combinations for which the acquisition date is on or after the beginning of the first annual reporting period beginning on or after January 01, 2022. Earlier application is permitted if at the same time or earlier an entity also applies all the amendments made by References to the Conceptual Framework in IFRS Standards, issued in March 2018. The amendment is not likely to have an impact on the Company's financial statements.
- Classification of liabilities as current or non-current (Amendments to IAS 1) effective for the annual period beginning on or after January 01, 2023. These amendments in the standards have been added to further clarify when a liability is classified as current. The standard also amends the aspect of classification of liability as non-current by requiring the assessment of the entity's right at the end of the reporting period to defer the settlement of liability for at least twelve months after the reporting period. An entity shall apply those amendments retrospectively in accordance with IAS 8. The amendment is not likely to have an impact on the Company's financial statements.
- IAS 41 Agriculture Taxation in fair value measurements. As part of its 2018-2020 annual improvements to IFRS standards process the IASB issued amendment to IAS 41 Agriculture. The amendment removes the requirement in paragraph 22 of IAS 41 that entities exclude cash flows for taxation when measuring the fair value of assets within the scope of IAS 41.

An entity applies the amendment prospectively to fair value measurements on or after the beginning of the first annual reporting period beginning on or after January 01, 2022 with earlier adoption permitted. The amendments are not expected to have a material impact on the Company.

Definition of Accounting Estimates - Amendments to IAS 8. In February 2021, the IASB issued amendments
to IAS 8, in which it introduces a definition of 'accounting estimates'. The amendments clarify the distinction
between changes in accounting estimates and changes in accounting policies and the correction of errors.
Also, they clarify how entities use measurement techniques and inputs to develop accounting estimates.

The amendments are effective for annual reporting periods beginning on or after January 01, 2023 and apply to changes in accounting policies and changes in accounting estimates that occur on or after the start of that period. Earlier application is permitted as long as this fact is disclosed. The amendments are not expected to have a material impact on the Company.

Disclosure of Accounting Policies - Amendments to IAS 1 and IFRS Practice Statement 2. In February 2021, the IASB issued amendments to IAS 1 and IFRS Practice Statement 2 Making Materiality Judgements, in which it provides guidance and examples to help entities apply materiality judgements to accounting policy disclosures. The amendments aim to help entities provide accounting policy disclosures that are more useful by replacing the requirement for entities to disclose their 'significant' accounting policies with a requirement to disclose their 'material' accounting policies and adding guidance on how entities apply the concept of materiality in making decisions about accounting policy disclosures. The Company is currently assessing the impact of the amendments to determine the impact they will have on the Company's accounting policy disclosures.

The amendments to IAS 1 are applicable for annual periods beginning on or after January 01, 2023 with earlier application permitted. Since the amendments to the Practice Statement 2 provide non-mandatory guidance on the application of the definition of material to accounting policy information, an effective date for these amendments is not necessary.

The Securities and Exchange Commission of Pakistan (SECP), in accordance with SRO 229(I)/2019 dated February 14, 2019, has officially declared the applicability of IFRS 9 "Financial Instruments" for accounting periods ending on or after June 30, 2019. As per the BPRD Circular Letter No. 7 of 2023 dated April 13, 2023, issued by the State Bank of Pakistan (SBP), however, the effective date of IFRS 9 implementation for a Development Finance Institutions (DFIs) is January 01, 2024. Nevertheless, the SBP has encouraged financial institutions to adopt the standard earlier if possible. The Company intends to adopt IFRS 9 with effect from January 01, 2023, without restating the comparatives.

IFRS 9 prescribes detail guidance relating to recognition, classification and measurement of financial instruments. This guidance will replace the Company's existing accounting policies relating to financial instruments, base on prudential regulations and other directives issued by SBP. Based upon the Company's initial assessment of detailed implementation guidance issued by SBP, the Company expects that its allowance for impairment against advances and debt investments will increase, resulting in lowering of the Company's capital adequacy ratio. At this stage, however, the Company is in the process of finalizing its assessment of the impact on the financial statements, primarily relating additional expected credit losses on the Company's financial assets not held at fair value through profit and loss, and operations of the Company.

JFR

Further, the following new standards have been issued by the IASB, which are yet to be notified by the SECP for the purpose of applicability in Pakistan:

IFRS 1 First-time Adoption of International Financial Reporting Standards

01 July 2004

IFRS 17 Insurance Contracts

01 January 2023

The Company expects that the adoption of the above standards will have no material effect on the Company's financial statements, in the period of initial application.

### 3 BASIS OF MEASUREMENT

These financial statements have been prepared under the historical cost convention, except for certain investments which are revalued to their fair values, the defined benefit plan which is measured at present value and investments in associates which are stated measured by applying equity accounting.

### 3.1 Critical accounting estimates and judgments

The preparation of these financial statements in conformity with the approved accounting standards requires the use of certain critical accounting estimates and assumptions that affect the reported amounts of assets, liabilities, income and expenses. It also requires the management to exercise its judgment in the process of applying the Company's accounting policies. Estimates, underlying assumptions and judgments are continually evaluated and are based on historical experience, including expectations of future events that are believed to be reasonable under the circumstances. Revisions to accounting estimates are recognized in the period in which estimates are revised if the revision affects only that period, or in the period of revision and future periods if the revision affects both current and future periods. The areas where various assumptions and estimates are significant to the Company's financial statements or where judgment was exercised in application of accounting policies are as follows:

### 3.1.1 Provision against non-performing loans and advances and debt securities classified as investments

The Company reviews its loan portfolio and debt securities classified as investments to assess amount of non-performing loans and advances and debt securities and provision required there-against. While assessing this requirement various factors including the delinquency in the account, financial position of the borrower and the requirements of the Prudential Regulations are considered. The amount of general provision is determined in accordance with the requirements set out in Prudential Regulations.

### 3.1.2 Classification / valuation of investments (note 8)

For classification / valuation of investments, the Company follows the guidance provided in SBP circulars.

### 3.1.3 Valuation and impairment of 'available-for-sale' equity investments

The Company determines that 'available-for-sale' equity investments are impaired when there has been a significant or prolonged decline in the fair value below its cost. This determination of what is significant and prolonged requires judgment. In making this judgment, the Company evaluates among other factors, the normal volatility in share price. In addition, impairment may be appropriate when there is evidence of deterioration in the financial health of the investee, industry and sector performance, changes in technology and operational and financing cash flows.

### 3.1.4 Provision for income taxes (notes 12 and 30)

In making estimates for income taxes currently payable by the Company, the management considers the current income tax laws and the decisions of appellate authorities on certain issues in the past. There are certain matters where the Company's view differs with the view taken by the income tax authorities and such amounts are shown as a contingent liability.

### 3.1.5 Operating fixed assets/ right of use assets (notes 10)

The Company reviews the useful lives and residual value of fixed assets/ right of use assets on a regular basis. Any change in estimates in future years might affect the carrying amounts of the respective items of fixed assets/ right of use assets, with a corresponding effect on the depreciation charge/ amortization and impairment.

### 3.1.6 Contingencies (notes 20)

The Company reviews the status of all the legal cases on a regular basis. Based on the expected outcome and lawyers' judgments, appropriate provision is made.

### 3.1.7 Provision for gratuity (notes 34)

Provision for gratuity is determined using actuarial assumptions. Any change in the assumptions from actual results would change the amount of unrecognized gains and losses.

### 4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies adopted in the preparation of these financial statements have been applied consistently to all periods presented in these financial statements of the Company. Significant accounting policies are enumerated as follows:

### 4.1 Functional and presentation currencies

These financial statements are presented in Pak Rupees which is the Company's functional and presentation currency.

### 4.2 Cash and cash equivalents

For the purpose of Cash Flow Statement, cash and cash equivalents include cash on hand, non-restricted balances with treasury banks and balances with other banks (net of overdrawn nostro balances) in current and deposit accounts.

#### 4.3 Lendings to / borrowings from financial institutions

The Company enters into transactions of reverse repos and repos at contracted rates for a specified period of time. These are recorded as under:

### Sale under repurchase agreement

Securities sold with a simultaneous commitment to repurchase at a specified future date (repos), continue to be recognized in the statement of financial position, and are measured in accordance with accounting policies for investments. Amounts received under these agreements are recorded as repurchase agreement borrowings. The difference between the sale and repurchase price, is amortized as an expense over the term of the repo agreement.

### Purchase under resale agreement

Securities purchased under agreement to resell (reverse repo) are included in lending to financial institutions. The differential between the purchase price and the resale price is amortized over the period of the agreement and recorded as income.

Securities held as collateral are not recognized in the financial statements, unless these are sold to third parties, in which case the obligation to return them is recorded at fair value as a trading liability under borrowing from financial institutions.

### Other borrowings

These are recorded at the fair value of consideration received. Mark-up on such borrowings is charged to the profit and loss account on a time proportion basis.

### Other lendings

These are stated net of related provisions. Mark-up on such lendings is recognized in the profit and loss account on a time apportioned basis, except for the mark-up on impaired / delinquent lendings, which is recognized on a receipt basis.

### 4.4 Investments

Investments of the Company, excluding investments in associates, are classified as held to maturity, available-for-sale or held-for-sale.

### Investment in associates

Interests in equity-accounted investees: The Company's interests in equity-accounted investees comprise of interests in associate . Associates are those entities in which the Company has significant influence, but not control over the financial and operating policies.

Interests in associates are accounted for using the equity method. They are initially recognized at cost, which includes transaction costs. Subsequent to initial recognition, the financial statements include the Company's share of the profit or loss and other comprehensive income of equity-accounted investee, until the date on which significant influence.

#### **Held-To-Maturity**

These are securities with fixed or determinable payments and fixed maturities, in respect of which the Company has a positive intent and ability to hold till maturity.

### Available-For-Sale

These are investments that do not fall under the held-for-trading or held-to-maturity, and investment in associate categories.

### Held-For-Trading

These are securities included in a portfolio in which a pattern of short-term trading exists, or which are acquired for generating a profit from short-term fluctuations in market prices or interest rate movements.

#### Initial measurement

All regular way purchases and sales of investments are recognized on the trade date .i.e., the date that the Company commits to purchase or sell the investment. Regular way purchases or sales of investment that require delivery of investments within the time frame generally established by regulation or convention in the market place.

Investments are initially recognized at fair value which includes transaction costs.

### Subsequent measurement

### Held-To-Maturity

These are measured at original recorded amounts less any subsequent impairment loss, if any, in accordance with the requirements prescribed by the State Bank of Pakistan through various circulars.

### Available-For-Sale

Quoted securities classified as available for sale investments are measured at fair value. Any surplus or deficit arising thereon is kept in a separate account shown in the statement of financial position below equity and is taken to profit and loss account when realized upon disposal or when the investment is considered to be impaired.

Unquoted equity securities are valued at the lower of cost and break-up value The break-up value of these securities is calculated with reference to the net assets of the investee company as per the latest available audited financial statements. A decline in the carrying value is charged to the profit and loss account. A subsequent increase in the carrying value, up to the cost of the investment, is credited to the profit and loss account. Investment in other unquoted securities are valued at cost less impairment, if any.

Provision for diminution in the value of Term Finance Certificates and Sukuks are made as per the ageing criteria prescribed by the Prudential Regulations issued by SBP. Provision for diminution in the value of other securities are made for impairment, if any.

### Held-For-Trading

Investments classified as held-for-trading are subsequently measured at fair value. Any unrealized surplus / deficit arising on revaluation is taken to the profit and loss account.

### 4.5 Advances

Advances are stated net of specific and general provisions. Specific provision is determined on the basis of the Prudential Regulations and other directives issued by the State Bank of Pakistan (SBP) and charged to the profit and loss account. Provisions are held against identified as well as unidentified losses. Provisions against unidentified losses include general provision.

Leases where the Company transfers substantially all the risks and rewards incidental to ownership of an asset to the lessee are classified as finance leases. A receivable is recognized at an amount equal to the present value of the lease payments including any guaranteed residual value. Finance lease receivables are included in advances to the customers.

Owing to the impact of Covid - 19 on economic activity, several business segments of economy were impacted by the pandemic. Therefore, certain borrowers of the Company have availed the SBP enabled deferment / restructuring and rescheduling. The borrowers who availed the SBP enabled deferment / restructuring paid the due amount as per restructuring terms. However, the full potential effect of the economic stress is difficult to predict given the uncertain economic environment. The management is also maintaining 1.5% (2020: 1.5%) general provision against performing loans and advances.

### 4.6 Operating fixed assets

### Property and equipment

These are stated at cost less accumulated depreciation and impairment, if any, except for freehold land, which is stated at cost.

Depreciation is calculated on the straight line method to write off the depreciable amount of each asset, over its estimated useful life, after taking into account residual values, if any. Depreciation on additions during the year is charged from the month of acquisition, or the date the asset is available for use, and on disposals, up to the month of disposal. The useful lives, residual values and depreciation methods are reviewed and adjusted, if appropriate, at each reporting date.

The costs of day-to-day servicing of property and equipment are recognized in profit or loss as incurred.

Gains and losses on disposal items of property and equipment are determined by comparing the proceeds from disposal with the carrying amount of property and equipment, and are recognized net within "other income" in profit or loss

### Capital work-in-progress

Capital work-in-progress is stated at cost less accumulated impairment losses, if any. It consists of expenditure incurred and advances made in respect of operating fixed assets and intangible assets in the course of their acquisition, construction and installation.

#### Intangible assets

Intangible assets having finite useful lives, are stated at cost less accumulated amortization and impairment, if any. These are amortized using the straight line method over their estimated useful lives. The useful lives, residual values and amortization methods are reviewed and adjusted, if appropriate, at each reporting date.

### 4.7 Impairment

### Impairment of available for sale equities investments

Available for sale quoted equity investments are impaired when there has been a significant or prolonged decline in their fair value below their cost. The determination of what is significant or prolonged requires judgment. In making this judgment, the Company evaluates, among other factors, the normal volatility in share price.

### Impairment in non-financial assets (excluding deferred tax)

The carrying amounts of non-financial assets are reviewed at each reporting date for impairment whenever events or changes in circumstances indicate that the carrying amounts of these assets may not be recoverable. If such indication exists, and where the carrying value exceeds the estimated recoverable amount, assets are written down to their recoverable amount. The resulting impairment loss is charged to the profit and loss account.

### 4.8 Leases

The Company assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

The Company applies a single recognition and measurement approach for all leases, unless the lease term is 1 year or less or the lease contains a low-value asset.

### Where the Company is Lessee:

### Right-of-use assets

The Company recognizes right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognized, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets. The right-of-use assets are also subject to impairment.

### Lease liability

At the commencement date of the lease, the Company recognizes lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in-substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Company and payments of penalties for terminating a lease, if the lease term reflects the Company exercising the option to terminate. The variable lease payments that do not depend on an index or a rate are recognized as expense in the period in which the event or condition that triggers the payment occurs.

In calculating the present value of lease payments, the Company uses the incremental borrowing rate at the lease commencement date if the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the in-substance fixed lease payments or a change in the assessment to purchase the underlying asset.

### 4.9 Taxation

#### Current

The charge for current taxation is based on taxable income at the current rates of taxation after taking into account tax credits and tax rebates available, if any, and any adjustments to any tax payable, relating to prior years.

#### Deferred

The Company accounts for deferred taxation using the balance sheet method, providing for temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes, and the amounts used for taxation purposes. The amount of deferred tax provided is based on the expected manner of realization, or settlement, of the carrying amount of assets and liabilities. Deferred tax assets and liabilities, are measured at the tax rates that are expected to apply to the period when the asset is realized or the liability is settled, based on tax rates that have been enacted or substantively enacted at the statement of financial position date.

Deferred tax assets are recognized for all deductible temporary differences, carry forward of unused tax assets and any unused tax losses, to the extent that it is probable that taxable profits will be available against which the deductible temporary differences, carry forward of unused tax assets and unused tax losses can be utilized.

Deferred tax on surplus / (deficit) on revaluation of investments is charged / (credited) to the same account.

### 4.10 Provisions

Provisions are recognized when the Company has a legal or constructive obligation as a result of past events which makes it probable that an outflow of resources will be required to settle the obligation and a reliable estimate of the amount can be made. Provision for guarantee claims and other off balance sheet obligations is recognized when intimated and reasonable certainty exists to settle the obligations. Expected recoveries are recognized by debiting customer accounts. Charge to profit and loss account is stated net off expected recoveries.

### 4.11 Revenue recognition

### Advances and investments

Mark-up / return / interest income from loans, term finance certificates, bank deposits, government securities and reverse-repo transactions, is recognized on time proportion method, except where recovery is considered doubtful, in which case the income is recognized on a receipts basis.

Gain / (loss) on sale of securities, is recognized in the profit and loss account at the time of sale of relevant securities.

### Dividend income

Dividend income is recognized when the right to receive the dividend is established.

### Fee, brokerage and commission income

Fee, Commission and Brokerage income is recognized on an accrual basis to the extent it is highly likely that significant reversal will not occur upon conclusion of related uncertanity.

### Rental income

Rental income is recognized over the period of the rent agreement.

#### 4.12 Staff retirement benefits

#### Defined benefit plan

The Company operates an approved funded gratuity scheme for all its regular employees.

The amounts of post-employment benefits are usually dependent on one or more factors such as age, years of service and salary.

The liability recognized in respect of the gratuity scheme is the present value of the defined benefit obligation under the scheme at the balance sheet date.

The gratuity obligations are calculated annually by independent actuaries using the Projected Unit Credit Method. The most recent valuation in this regard was carried out as at 31 December 2021. The present value of the obligation is determined by discounting the estimated future cash outflows, using interest rates of high quality government securities that have terms to maturity approximating the terms of the related obligation.

Re-measurements, comprising of actuarial gains and losses, the return on plan assets excluding amounts included in net interest on the net defined benefit obligation and any changes in the effect of the asset ceiling are recognized immediately in the balance sheet with a corresponding debit or credit to retained earnings, through OCI, in the period in which they occur. Re-measurements are not reclassified to profit or loss in subsequent periods.

Past service costs are recognized in profit or loss at the earlier of:

- the date of the plan amendment or curtailment; and
- the date that the Company recognizes restructuring-related costs.

The Company recognizes the following changes in the defined benefit obligation under 'administrative expenses' in the profit and loss account:

- service costs comprising current service costs, past-service costs, gains and losses on curtailments and non-routine settlements; and
- interest expense

## Defined contribution plan

The Company also operates a recognized provident fund scheme for all its regular employees. Equal monthly contributions are made, both by the Company and by the employees, at the rate of 10% of the basic salary of the employee. Contributions made by the Company are charged to the profit and loss account.

## 4.13 Foreign currency transactions

Foreign currency transactions are recorded at the rates prevailing on the date of the transactions. Monetary assets and liabilities in foreign currencies are reported in Rupees, at the rates of exchange prevailing on the reporting date. Exchange gains and losses are included in income currently.

## 4.14 Offsetting of financial assets and financial liabilities

Financial assets and financial liabilities are set off and the net amount is reported in the financial statements when there is a legally enforceable right to set off and the Company intends to either settle on a net basis, or to realize the assets and to settle the liabilities simultaneously.

## 4.15 Critical accounting estimates and judgments

The preparation of financial statements in conformity with approved accounting standards requires management to make judgments, estimates and assumptions that affect the application of policies and the reported amount of assets and liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making judgments about carrying values of assets and liabilities, which are not readily apparent from other sources. Actual results may differ from these estimates. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised, if

the revision affects only that period, or in the period of its revision and future periods, if the revision affects both current and future periods. Judgments made by the management in the application of approved accounting standards that have a significant effect on the financial statements, and estimates with a significant risk of material adjustment in the next year, are discussed in note 3.1.

### 4.16 Earnings per share

The Company presents basic and diluted earnings per share (EPS) for its shareholders. Basic EPS is calculated by dividing the profit or loss attributable to ordinary shareholders of the Company by the weighted average number of Ordinary shares outstanding during the year. Diluted EPS is determined by adjusting the profit or loss attributable to Ordinary shareholders, and the weighted average number of Ordinary shares outstanding for the effects of all dilutive potential Ordinary shares, if any.

## 4.17 Dividend and appropriations to reserves

Dividend declared and appropriations, except for transfers to the statutory reserve, made subsequent to the balance sheet date, are recognized as a liability and recorded as changes in reserves, respectively, in the period in which these are approved by the directors / shareholders, as appropriate.

## 4.18 Segment information

A segment is a distinguishable component of the Company that is engaged either in providing particular products or services (business segment), or in providing products or services within a particular economic environment (geographical segment), and is subject to risks and rewards that are different from those of other segments.

## **Business Segments**

(a) Corporate Banking & SME

Corporate Banking & SME includes services provided in connection with funded & non-funded facilities.

## (b) Investment Banking

Investment Banking includes services provided in connection with mergers & acquisitions, privatization and the underwriting / arrangement of debt and equity instruments through syndications, Initial Public Offerings and private placements.

## (c) Treasury

Treasury includes fixed income, equity, foreign exchange, credit, funding, own position securities, lendings and borrowings and derivatives for hedging and market making.

## (c) Head Office

Head Office includes functions which cannot be classified in any of the above segments.

## Geographical Segments

All the Company's business segments operate only in Pakistan.

The quoted share price of PSX as at 31 December 2021 was Rs. 13.75 per share, which is below the current carrying value per share of Rs. 18. During the year, uptill September 2021, the quoted price remained above the carrying value and management is of the view that the decline in market value below its carrying value as of the reporting date is not significant or prolonged considering volume of trading in PSX's share. Hence, management concluded that is not an objective event of impairment. The management has, however, as a matter of prudence, conducted an impairment assessment of its equity investment as of December, 31 2021. The recoverable amount for equity investment in PSX is based on value-in-use calculations which require the use of assumptions. The five year cash flow projections used in the calculations are based on inhouse estimate approved by the management of the Company. Cash flows beyond the five year period are extrapolated using estimated real growth rate of economy. The assessment's results demonstrated that there is considerable head room between carrying value and recoverable value of Rs. 21.52/ share (excluding cash and cash equivalents).

Subsequent to reporting date, as a result of geopolitical situation, sovereign defaults by Sri-Lanka and increased pressure on foreign exchange reserve of Pakistan, the economic situation of Pakistan has significantly deteriorated. The country is facing persistent high inflation and interest rates. Accordingly, by December 2022, the Company has assessed that the projected cash flows of PSX, underlying the current valuation of Rs. 21.52/share, will not be met. As per requirements of IAS 36, the Company carried out an impairment assessment as of 31 December 2022 and upon the identification of impairment, the Company has recognized an impairment loss in the financial statements for the year ended on 31 December 2022.

The following table sets out the key assumptions which were used for the determination of value-in-use of equity investment:

|  | 2021 | 2020  |
|--|------|-------|
| Terminal value growth rate (%)                                       | 4%   | 4.4%  |
| Discount rate (%)  | 17%  | 9.77% |
| Free Cash Flows to Firm (FCFF) per share (average for period between |      |       |
| FY 2022 to 2026)   | 2.16 | 0.56  |

The discount rate was pre-tax measure based on the rate of 11.6% (2020: 8.4%), adjusted for a risk premium to reflect both the increased risk of investing in equities generally and the systematic risk of the specified investment.

Five years of cash flows were included in the discounted cash flow model.

Budgeted FCFF was based on expectations of future outcomes taking into account past experience, adjusted for anticipated revenue growth. Revenue growth was projected taking into account future expectations.

Any significant adverse movement in a key assumptions, such as reduction by 16% in average FCFF/share, would lead to further impairment.

## 8.5 Investment in Central Depository Company of Pakistan Limited (CDC)

Central Depository Company of Pakistan Limited (CDC) is an associate of the Company due to common directorship. During 2016, the Company acquired 3,250,000 ordinary shares of CDC from Citi Overseas Investment Corporation at Rs. 76.92 per share. Subsequently, the Company also received 11,750,000 bonus shares. Due to appointment of the Company's nominee director on the board of the CDC the investment has been accounted for under the equity method of accounting with International Accounting Standard 28, (IAS 28) "Accounting for Investments in Associates".

CDC is recognized as the infrastructure backbone of the Pakistan's capital market and it is the sole securities depository in the country. In the past two decades, CDC has also evolved as one of the leading and most prestigious infrastructure institutions in Pakistan with a focus on the capital market. CDC is principally engaged in to act as a depository of securities, open securities accounts and act as a registrar to issues of securities. The registered address of the CDC is CDC House, 99-B, Block B, S.M.C.H.S. Karachi, Pakistan.

#### 9.2.4 Details and impact of Forced Sale Value (FSV) benefit

The net FSV benefit availed during the period is Rs. 251.3 million (2020: Rs. 84.6 million), which has resulted in reduced charge for the period. Had the FSV benefit not availed, before and after tax profit would have been lower by Rs. 251.3 million (2020: Rs. 84.6 million) and Rs. 178.5 million (2020: Rs. 60 million), respectively. Accumulated availed FSV benefit as of 31 December 2021 was 513.3 million (31 December 2020: Rs. 261.9 million). Unappropriated profit to that extent is not available for distribution by way of cash or stock dividend.

- 14.1 This represents an SBP Refinance Facility under Finance Scheme for Renewable Energy Power Projects (REPP) for developing and encouraging the private sector participation in small renewable energy power projects. The loan availed under the said scheme is payable in maximum of 10 years with an inclusive grace period of maximum of 2 years at a concessional SBP service rate of 2.00%.
- 14.2 This represents an SBP Long Term Finance Facility (LTFF) for imported and locally manufactured plant and machinery. The loan availed under the said scheme is payable in a maximum of 10 years with an inclusive grace period of maximum of 2 years at a concessional SBP mark-up rate of 2.00%.
- 14.3 This represents an SBP Refinance Facility under Temporary Economic Refinance Facility (TERF) for imported and local manufactured plant & machinery, during COVID-19 pandemic. The loan availed under the said scheme is payable in a maximum of 10 years with an inclusive grace period of maximum of 2 years at a concessional SBP mark-up rate of 1.00%.
- 14.4 This is secured against pledge of Government securities having maturity up to 4 days (2020 : Nil) These carry mark-up at the rate of 10.70% per annum (2020 : Nil)
- 14.5 This represents secured long term & short term finance facilities from commercial banks. The principal term & conditions of each facility are given below.
- 14.5.1 A term loan facility having outstanding principal balance of of Rs. 1 billion from a commercial bank payable in maximum of 4 years with an inclusive grace period of 2 years. Mark-up is payable on quarterly basis at the rate of 3MK + 0.15% p.a. The bank has first pari passu charge over all present and future loans, advances (including leases), investments and book debts / receivables of the Company for Rs. 2,667 million inclusive of 25% margin.
- 14.5.2 A drawdown of Rs. 1,455.5 million from term loan facility of Rs. 2 billion from a commercial bank, payable in a maximum of 4 years with an inclusive grace period of maximum of 2 years. Mark-up is payable on quarterly basis at the rate of 3MK + 0.20% p.a. The bank has first pari passu charge over all present and future loans, advances (including leases), investments and book debts / receivables of the Company for Rs. 2,667 million inclusive of 25% margin.
- 14.5.3 The long term loan facility of Rs. 2 billion from a commercial bank, payable in a maximum of 4 years with an inclusive grace period of maximum of 2 years. Mark-up is payable on quarterly basis at the rate of 3MK + 0.15% p.a. The bank has first pari passu charge over all present and future loans, advances (including leases), investments and book debts / receivables of the Company for Rs. 2,667 million inclusive of 25% margin.
- 14.5.4 The long term loan facility of Rs. 2 billion from a commercial bank, payable in maximum of 5 years with an inclusive grace period of 2 years. Mark-up is payable on quarterly basis at the rate of 3MK + 0.20% p.a. The bank has first pari passu charge over all present and future loans, advances (including leases), investments and book debts / receivables of the Company for Rs. 2,667 million inclusive of 25% margin.

- 14.5.5 A Running Finance facility of Rs. 1 billion from a commercial bank payable in a maximum of 1 year on roll over basis. Mark-up payable is on quarterly basis at the rate of 3MK + 0.12% p.a. The bank has first pari passu charge over all present and future loans, advances (including leases), investments and book debts / receivables of the Company for Rs. 1,333 million inclusive of 25% margin.
- 14.6 This represent un-secured borrowings from financial institutions carrying mark-up rate of 11.15% to 11.32%(2020: 6.75% to 7.00%) per annum having maturity up to 356 to 364 days (2020: 88-92 days)

## 20.2.1 Commitments to extend credits

The Company makes commitments to extend credit in the normal course of its business, but these being revocable commitments, normally do not attract any significant penalty or expense if the facility is unilaterally withdrawn. As at reporting date, however, the Company's outstanding irrevocable commitments amounts to Rs. 1,457.2 million (2020: Rs. 1,970.34 million).

## 20.3 Other contingent liability

20.3.1 An ex-employee of the company has todged a claim of Rs.168.1 million against the Company. The case has been decided in favor of the Company and the complainant has filed an appeal before the High Court against decision of the Civil Judge. Based on internal assessment and legal advice, management is confident that the case will be decided in the favor of the Company and possibility of any adverse outcome is remote. Accordingly, no provision has been made in these financial statements.

20.3.2 For tax related contingencies, please refer note 30.2 of these financial statements.

30.1.1 In addition to current tax charge recognized in the financial statements, changes introduced in the Income Tax Ordinance, 2001, by the enactment of the Finance Act, 2022 on 30 June 2022, would require the Company to pay Super Tax, at the rate of 4% of the taxable income, in respect of current year. The resultant charge, estimated at approximately Rs. 46.8 million, would be recognized in the financial statements for the year ending 31 December 2022, in accordance with the requirements of the approved accounting and reporting standards, as applicable in Pakistan.

#### 30.2 Tax status

- 30.2.1 For the Tax Year 2011, a tax demand of Rs. 109.22 million was raised by Assistant Commissioner Inland Revenue (the "ACIR") by disallowing provision for bad debts, provision against non-performing loan and advances, credit for an instalment of advance tax and Worker's Welfare Fund. Subsequently, the assessment was rectified. The Company had paid Rs. 15.11 million in protest on the issue of disallowing "provision against non-performing loan and advances" and submitted appeal before CIR(A). The appeal was decided in favor of the Company and the tax of Rs 15.11 million deposited under protest became refundable. However, the department has filed an appeal before Appellate Tribunal Inland Revenue (ATIR) against appellate order of CIR(A). The hearing was held on 07 March 2022, wherein ATIR has disposed of the appeal and the case has been remanded back. Subsequent to reporting date, the Company has fited a tax reference before the High Court against the ATIR order which is yet to be fixed for hearing.
- 30.2.2 For the Tax Year 2013, a tax demand of Rs. 95.01 million was raised by the Taxation Officer by disallowing provision for non performing loans, profit on debt, other provisions and charging Workers Welfare Fund. The CIR(A) upheld the orders of the assessing officer. The Company filed appeal before ATIR against the order of CIR(A) and ATIR upheld the contentions of the appellate orders of the CIR(A). Returned refund of Rs. 15 million pertaining to tax year 2011 was adjusted against the instant demand and the Company paid balance amount of Rs. 49 million under protest. The Company filed writ petition before High Court, which is yet to be fixed for hearing.
- 30.2.3 For the Tax Year 2014 & 2015, assessment was amended by the ACIR in terms of Section 122 of the Income tax ordinance, creating an aggregate tax demand amounting to Rs. 128 million on provisions, apportionment, super tax and default surcharge. The Company submitted appeal before the CIR(A) on the amended assessment order which has been disposed of in favor of tax department. Later the Company attained stay form ATIR for 40 days or till the disposal of main appeal subject to deposit of 30% of the total amount. As per directions of the ATIR, payment of Rs. 38.5 million was made to tax department as a cumulative payment for all the pending issues pertaining to tax year 2014 and 2015. The Company filed writ petition for interim relief before Islamabad High Court. The High Court has granted stay for recovery of outstanding demand and also restrained the tax department to take extreme measures until decision of the appeal. The hearing was held on 07 March 2022, wherein ATIR has disposed of the appeal and the case has been remanded back. Subsequent to reporting date, both the Company and the tax department filed cross tax references before the High Court against the ATIR order which is vet to be fixed for hearing.
- 30.2.4 For the Tax Year 2016, a tax demand of Rs. 82.54 million has been raised by the Taxation Officer mainly by disallowing provision against non-performing loans, suspended mark-up, disallowance of expenses attributable to capital gain, contending short payment of super tax and claim of tax credit. The CIR(A) has disposed of the appeal and major portion of the demand has been confirmed while disallowance of the tax credits was remanded back. Hearing in respect of remand back proceedings was held and an appeal effect order under Section 124/129 of the Ordinance was passed by the ACIR. The Company filed appeal before CIR(A) against appeal effect order which is yet to be fixed for hearing.
- 30.2.5 For the Tax Year 2017, show cause notices were issued to the Company by the ACIR. The ACIR through the notices proposed to amend the deemed assessment under Section 122(9) read with section 122(5A) of the Ordinance. These notices were duly replied. Subsequent to reporting date, the assessment order was issued by the ACIR by creating demand amounting Rs. 331.21 million. The Company filed appeal before CIR(A) against the assessment order which is yet to be fixed for hearing.
- 30.2.6 Subsequent to reporting date, for the Tax Year 2018, a show cause notice was issued to the Company by the ACIR. The said notice proposed to amend the deemed assessment under Section 122(9) read with Section 122(5A) of the Ordinance. The notice was duly replied and order is still awaited.
- 30.2.7 Subsequent to reporting date, for the Tax Years 2019, 2020 and 2021, show cause notices were issued to the Company by the ACIR. The said notice proposed deemed to amend the assessment under Section 122(9) of the Ordinance. The assessment orders were passed by the ACIR by creating demand amounting Rs. 241.85 million, Rs. 384.47 million and Rs. 652.92 million for Tax Years 2019, 2020 and 2021, respectively. Company has filed appeal before CIR(A) against the assessment order which is yet to be fixed for hearing.
- 30.2.8 On the basis of opinion of its tax advisor and appellate history, the Company's management is confident of a favorable resolution of these matters and hence no provision has been made in these financial statements.

### 34 DEFINED BENEFIT PLAN

## 34.1 General description

The Company operates an approved funded gratuity scheme for all its regular employees. Contributions are made in accordance with actuarial valuation. The latest actuarial valuation was carried out as at 31 December 2021.

The benefits under the gratuity scheme are payable on retirement, at the age of 60 years, or on earlier cessation of service, in lump sum. The benefit is equal to one month's last drawn gross salary for each year of eligible service or part thereof, subject to a minimum of one year of service.

## 34.2 Number of Employees under the scheme

The number of employees covered under the defined benefit scheme are 48 as of 31 December 2021 (2020: 49).

| 34.3 | Principal actuarial assumptions                                 |      | 2021         | 2020         |

|       | Year 11 and above | 1,553,226,951 | 873,677,593 |

At 31 December 2021, the weighted-average duration of the defined benefit obligation was 9 years (2020: 9 years).

## 34.15 Funding Policy

The Company carries out the actuarial valuation of the defined benefit plan on a periodic basis. Contributions are made annually in accordance with the actuarial recommendations.

### 34.16 Risk associated with defined benefit plan

The defined benefit plan exposes the Company to the following risks:

### Investment risk

The risk arises when the actual performance of the investments is lower than expectation, which may result in shortfall in funds needed to meet the related liabilities.

## Mortality risks

The risk that the actual mortality experience is different than the assumed mortality. This effect is more pronounced in schemes where the age and service distribution is on the higher side.

#### Salary increase risk

The risk that the final salary at the time of cessation of service is greater than what we assumed. Since the benefit is calculated on the final salary (which will closely reflect inflation and other macroeconomic factors), the benefit amount increases as salary increases.

### Withdrawal risk

The risk of actual withdrawals experience is different from assumed withdrawal probability. The significance of the withdrawal risk varies with the age, service and the entitled benefits of the beneficiary.

### 35 DEFINED CONTRIBUTION PLAN

The Company also operates a recognized contributory provident fund scheme for all its regular employees, where contributions are made by the Company and employees at 10% per annum (2020: 10% per annum) of the employees' basic salary. During the year the Company contributed Rs. 11.7 million (2020: Rs. 10 million) in respect of this fund.

## 35.1 Funding Policy

Contributions made to the provident fund, during the year, are as follows:

36.1.1 There are no "Other Material Risk Takers/Controllers" other than "Key Management Personnel" as defined in format of annual financial statements.

36.1.2 State Bank of Pakistan has issued the remuneration guidelines vide BPRD circular number 1, 2017 dated 25 January 2017. The objective of these guidelines was to provide guidance to financial institutions to develop fair, transparent and sound compensation policy that is aligned with risks and responsibilities of individuals. Following the guidelines, comprehensive framework has been developed and MRT's and MRC's has been identified. After the performance appraisal process of year 2021, 30% of performance bonus for MRT's and MRC's has been withheld. The total withheld amount in this account is Rs. 6.0 million ( 2020: Rs. 5.1 million)

## 36.2 Remuneration paid to Directors for participation in Board and Committee Meetings

#### 37 FAIR VALUE MEASUREMENTS

The fair value of quoted securities other than those classified as held to maturity, is based on quoted market price. Quoted securities classified as held to maturity are carried at cost. The fair value of unquoted equity securities, other than investments in associates and subsidiaries (if any), is determined on the basis of the break-up value of these investments as per their latest available audited financial statements.

The fair value of unquoted debt securities, fixed term loans, other assets, other liabilities, fixed term deposits, cash & bank balances and borrowings can not be calculated with sufficient reliability due to the absence of current and active market for these assets and liabilities and reliable data regarding market rates for similar instruments.

#### 37.1 Fair value of financial assets

The Company measures fair values using the following fair value hierarchy that reflects the significance of the inputs used in making the measurements:

Level 1: Fair value measurements using quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 Fair value measurements using inputs other than quoted prices included within Level 1 that are observable for the assets or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: Fair value measurements using input for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

37.2 The table below analyses financial instruments measured at the end of the reporting period by the level in the fair value hierarchy into which the fair value measurement is categorized:

|  |                            |                            | 2021           |               |                            |

#### 40 RELATED PARTY TRANSACTIONS

The Company has related party relationships with shareholders and entities in which its shareholders have any interest, key management personnel, directors and employees' funds. The Government of Pakistan (Ministry of Finance) is a related party of the Company; therefore all government authorities, agencies, affiliates and other organizations ("state-controlled entities") are related parties of the Company. Significant transactions with these state-controlled entities have been separately disclosed, in aggregate. Other entities which for its business acquisition or provision of services relies / depends to a greater extent on the Company / DFI i.e. major portion (50% or more) of its business (upstream or downstream) is also a related party.

Banking transactions with the related parties are executed substantially on the same terms, including mark-up rates and collateral, as those prevailing at the time for comparable transactions with unrelated parties and do not involve more than normal risk (i.e. under the comparable uncontrolled price method) other than those under terms of employment.

Details of transactions with related parties during the period, other than those which have been disclosed elsewhere in these financial statements are as follows:

## 42 RISK MANAGEMENT

The Company manages all of its risk proactively through a well-established enterprise risk management practice. The Company is exposed to the following risks in the course of its regular business:

Credit Risk

Market Risk

Operational Risk

Liquidity Risk

This note presents information about the Company's exposure to each of the above risks, the Company's objectives, policies and processes for measuring and managing risk, and the Company's management of capital.

#### Risk management philosophy and framework

The Company's is exposed to a variety of financial risks requiring analysis, evaluation, acceptance and management of some degree of risk or combination of risks. The Company's aim is to achieve an appropriate balance between risk and return and minimize potential adverse effects on the Company's financial performance.

The Company's risk management policies are established to identify and analyze the risks faced by the Company to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Risk Management policies and systems are reviewed regularly to reflect changes in market conditions, emerging best practices and products and services offered. The Company, through its training and management standards and procedures, aims to develop a disciplined and constructive control environment, in which all employees understand their roles and obligations.

The Board of Directors has the overall responsibility for setting the risk appetite and ensuring risk is effectively managed through a robust Enterprise Risk Management (ERM) framework. Board and Management level committees have been established, as part of the corporate governance structure, to oversee the performance and operations of the Company. Some of these committees are responsible specifically for overseeing execution of the ERM strategy and monitoring performance against the Company's risk management framework.

#### b) Board Level Committees

#### Board Risk Management Committee ("BRMC")

The BRMC is responsible for overseeing and regularly monitoring the Company's risk governance framework, enterprise risk management, capital, liquidity and fund planning ensuring an effective system of risk management and controls are implemented. The BRMC is also responsible for overseeing compliance within approved risk policies and tolerance levels and works with management to refine risk strategy that is aligned to the Company's long term strategy.

#### c) Senior Management Level Committees

#### Management Committee ("Mancom")

The Management Committee is responsible for conduct of performance review of overall Company's operation; functions as a forum for communication and exchange of ideas for continuous improvement of Company's performance. Mancom is also responsible for review and deliberate upon Company's strategy policy which need to be submitted to BOD meeting, review and deliberate the compliance of internal and external audit reports and review the performance of ICFR budgetary process.

#### Risk Review Committee ("RRC")

The RRC is responsible for building a risk intelligent enterprise, ensuring a suitable and an effective risk management approach is incorporated into the day-to-day operations and recommending new credit policies and changes to existing ones, and the future direction of the credit activities in the Company. The RRC interacts with other management level committees to ensure risks are consolidated and incorporated within the business plan (strategy and financials) and business operations. In fulfilling its purpose, the RRC is responsible to translate the decision-making related to ERM, and report regularly through its Chairperson to the BRMC regarding matters related to its primary purpose and operational risks.

## Credit Management Committee ("CMC")

CMC is responsible for taking credit and investment decisions within the authority levels established by the Board of Directors and approved threshold, with adherence to the credit policies

## Asset Liability Committee ("ALCO")

The ALCO is responsible to actively monitor and manage committed and outstanding assets and liabilities, and to recommend appropriate funding, investment, and hedging strategies. In addition, the ALCO is responsible for ensuring continuous liquidity required for growth while complying with the regulatory requirements. ALCO ensures the operational performance of the Company in meeting or exceeding set performance targets and authorizes actions to maintain, enhance or correct service delivery issues. The ALCO is also responsible for guiding, shaping, approving and monitoring a coherent set of projects in line with the Company's long term strategy that will maintain and enhance the Company's progress towards its future vision, recommending investment and expenditure in line with that goal.

## 42.1 Impact of covid-19 on the Company

Covid-19 pandemic has taken a toll on all economies and emerged as a contagion risk around the globe, including Pakistan. To counter it's impact on businesses and economies, regulators / governments have introduced a host of measures on both the fiscal and economic fronts.

State Bank of Pakistan (SBP) responded to the crisis by keeping the Policy Rates low during most of the year 2021; however, inflationary pressure forced the regulator to move the policy rate up during last quarter. Besides, numerous other regulatory measures have been announced by the SBP to support business and economic activity which include, inter-alia, the following:

- · Allowing companies to defer borrowers' principal loan payments by one year,
- Relaxing regulatory criteria for restructured/rescheduled loans for borrowers who require relief on account of the principal repayment exceeding one year and f or mark-up.
- · Relaxing the debt burden ratio for consumer loans from 50% to 60%;
- Reduction in the capital conservation buffer by 100 basis points to 1.5%;
- · Increasing the regulatory limit on extension of credit to SMEs to Rs.180 million;

- · Providing concessionary refinance facilities to Hospitals for financing equipment;
- . To control unemployment, offered refinance facilities to customers for meeting their salary expense; and

COVID-19 is impacting companies in Pakistan on many fronts. This includes significant increase in overall credit risk and contraction of fee income due to overall slowdown in economic activity. Furthermore, there is increased operational risk in respect of business operations including enhanced syber-security threat.

#### (a) Credit Risk Management and Asset Quality

The Risk Management function of the Company is regularly conducting assessments of the credit portfolio to identify borrowers most likely to get affected due to changes in the business and economic environment. The company's management has created a buffer against unforceseen loan losses and to preserve the quality of the credit portfolio. The company has also begun a process to revamp its Risk Rating framework comprising of ORR,FRR and envoirmental risk rating

Owing to the impact of Covid - 19 on economic activity, several business segments of economy were impacted by the pandemic. Therefore, certain borrowers of the Company have availed the SBP enabled deferment / restructuring and rescheduling. However, the full potential effect of the economic stress is difficult to predict given the uncertain economic environment. Hence, the management estimates that it is appropriate to maintain an additional specific provision on the funded advance on the basis of subjective evaluation. The management is also maintaining 1.5% (2020: 1.5%) general provision against performing loans and advances.

#### (b) Liquidity Risk Management

In view of the relaxation granted by SBP for deferral of principal and rescheduling of loans there will be an impact on the maturity profile of the Company. The Asset and Liability Committee (ALCO) of the company is continuously monitoring the liquidity position and the company is confident that the liquidity buffer currently maintained is sufficient to cater to any adverse movement in the cash flow maturity profile. The company has also started the formulation of formal liquidity Risk policy.

## (c) Capital Market Risk Management

The Risk management function of the company regularly appraises ALCO of the company on the performance of listed equity portfolio against PSX-100 index.

## (d) Operational Risk Management

Business Continuity Plans (BCP) for respective areas are in place and tested. The Company has enhanced monitoring of cyber-security risks due to remote work practice during part of the year.

The Company staff is working tirelessly to ensure that service levels are maintained, customer complaints are resolved and turnaround times are monitored so that the Company continues to meet the expectations of all stakeholders.

## (e) Capital Adequacy Ratio (CAR)

The company always maintains a healthy CAR many times above the required level of 11.5%.

## 42.2 Credit Risk

Credit risk is the risk emanating when a counter party of the Company does not fulfil its contractual obligation or the quality of an issuer deteriorates. It arises principally from financing, investment and treasury activities. The credit process is consistent for all forms of credit risk to a single obligor. Overall exposure is evaluated on an ongoing basis to ensure a broad diversification of credit risk. Potential concentrations by industry and risk grade are regularly reviewed to avoid excessive exposure and ensure a broad diversification. The Company's total credit portfolio and therefore the maximum exposure to credit risk before collateral held or other credit enhancements is reported under note 40.

Following are the risk management policies adopted by the Company to ensure credit quality and minimize the risk of concentration:

## a) Credit rating and measurement

The risk rating system is the basis for determining the credit risk of the financial assets portfolio, pricing, portfolio management, loss provisions and reserves and credit approval authority delegation. The company has started to revamp the credit risk grading framework: Obligor Risk Rating and Facility Risk Rating; these would provide the user with Probability of Default and Loss Given Defaul. Currently, the system produces alphabetical ratings from AAA to C as performing, and D, DD and DDDD, as Substandard, Doubtful and Loss

## b) Credit approval

All credit and investment exposures are reviewed and approved by the Credit Management Committee ('CMC') within the authority delegated by the Board of Directors.

#### c) Credit monitoring

The Company regularly monitors credit exposures and external trends which may impact risk management outcomes. Internal risk management reports are presented to the Risk Review Committee and Board Risk Management Committee, containing information on key variables; portfolio delinquency and financing impairment performance. All Corporate exposures accounts are monitored carefully for performance and reviewed formally on an annual basis or earlier. The Company has policies in place for client visits and monitoring of accounts to make sure that any concerns on the quality of the accounts are addressed well in time. An exposure is categorized as watch list or non-performing as per SBP guidelines.

Based on Business Unit feedback on collection of overdue amounts, CMC decides on whether to retain the relationship under existing Business Group or transfer to Legal Department. All non-performing accounts under litigation for recovery are monitored closely by the Legal Department of the Company which directly report to the Managing Director. Such accounts are re-evaluated and remedial actions are agreed and monitored.

#### d) Credit risk mitigation

Potential credit losses from any given account, customer or portfolio are mitigated using a range of tools. Additional support in the form of collateral and guarantee is obtained where required. The reliance that can be placed on these credit mitigation resources is carefully assessed in light of issues such as legal enforceability, market value and counterparty risk of the guarantor.

Collateral types which are eligible for risk mitigation include: cash under lien; mortgage / charge over residential/commercial/industrial property; charge over assets such as plant and machinery; marketable securities; commodities; bank guarantees; and letters of credit etc. CMC controls the approval of collateral types. Collateral is valued in accordance with the SBP guidelines, which prescribe the frequency of valuation for different collateral types. The valuation frequency is driven by the level of price volatility of each type of collateral and the nature of the underlying product or risk exposure. Collateral held against impaired financings is maintained at fair value.

#### e) Offsetting financial instruments

The Company has not entered in significant master netting arrangement with counterparties which enable them to settle transactions on net basis. In absence of such agreements the financial asset and liabilities are settled on gross basis.

Particulars of the Company's significant on-balance sheet and off-balance sheet credit risk in various sectors are analyzed as follows:

#### 42.2.1 Lending's to Financial institutions.

Private

Credit risk by public / private sector

Public / Government

#### 42,3 Market Risk

Market risk is the potential impact of adverse price movements such as benchmark rates, foreign exchange prices, equity prices and market conditions on the earnings/economic value of an asset held by the Company. The exposure to market risk occurs throughout the contract which may negatively affect the earnings and capital of the Company. The Company is exposed to market risk through investments / structural positions parked in the Banking Book. The Company's market risk is managed by the Risk Management under the supervision of ALCO and supported by the Treasury Middle Office (TMO). The Company has adopted Standardized Measurement Method to assess and report the market risk.

### 42.3.2 Foreign Exchange Risk

Currency risk represents the risk of change in the fair value of financial assets and financial liabilities due to changes in foreign exchange rates. The Company manages exposure to the effects of fluctuations in prevailing foreign currency exchange rates on its financial position and cash flows through allowing exposures in local currency only. However, where foreign currency exposures are allowed due to compelling reasons, foreign exchange positions are reviewed frequently.

#### 42.3.3 Equity position Risk

Equity position risk is the risk that the fair value will fluctuate as a result of changes in the prices of equities and all instruments that exhibit market behavior similar to equities. The company's such instruments are classified as available for sale investments, and are kept as such with the intent of earning profit due to underlying fundamental strength of each security

#### 42.3.4 Yield / Interest Rate Risk in the Banking Book

Impact of 1% change in interest rates on

- Other comprehensive income

- Profit and loss account

Interest/Yield Risk is the risk that value of financial instruments will change due to change in the market interest rates or due to change in shape of yield curve. The Company manages its interest rate risk by entering into floating rate agreements with its customers. All of the credit portfolio is linked to the floating rate. To further keep the Company abreast of the interest rate risk, an Asset and Liability Committee (ALCO) meets regularly to discuss the interest rate risk strategy. Interest rate risk profile is also prepared on monthly basis to ascertain the interest rates movement with regard to the portfolio while also anticipating policy rate movements.

#### 42.3.5 Mismatch of Interest Rate Sensitive Assets and Liabilities

The following table summarizes the mismatch of financial assets and liabilities of the Company, which are subject to interest rate risk, at carrying amounts categorized the earlier of contractual re-pricing or maturity dates. The Company is exposed to interest rate risk as a result of mismatches or gaps in the amount of assets and liabilities that mature or re-price in a given period:

42.3.7 For details of off balance sheet items included in the commitments, Please refer to note number 20.2 of the financial statements.

### 42.4 Operational Risk

Operational risk is the risk of direct or indirect loss arising from inadequate or failed internal processes, people, technology and infrastructure within the Company, and from external factors other than credit, market and liquidity risks such as those arising from disruptive business events, natural disasters, non-compliance with regulations and generally accepted standards of corporate behavior.

The Company has established Operational Risk Management Framework, which outlines approaches to identifying, measuring, reporting and mitigating operational, information security and business continuity risks with forward looking management discipline. The management of operational risk is the primary responsibility of each business or support function and implementation of the framework is coordinated by Operational Risk Department under supervision of GH-Risk Management, who maintains supervisory oversight and drives improvement.

#### Information Security

Information Security risk is increasingly assuming prominent threat potential in digital age. The Company recognizes its key dependencies on systems, people and service processes and the risks, to which they are exposed to both from internal and external factors. To mitigate these threats, the Company has implemented robust information security framework based on industry best practices.

## **Business Continuity Management**

The Company is committed to ensure continuity and resilience of its key business processes and service deliveries against internal and external disruptive events, natural calamities, etc. To achieve these objectives, the Company has designed and implemented Business Continuity Plan (BCP) by identifying disruptive scenarios, developing continuity plans and periodically testing the same for their continued viability.

## 42.4.1 Operational Risk-Disclosures Basel II Specific

The Company has adopted the Basic Indicator Approach (BIA) for ascertaining capital requirements for its operational risk. Up to the year end, the Company has not incurred any significant loss owing to the operational risk.

#### 42.5 Liquidity Risk

Liquidity risk is the risk that the Company is not in a position to fund growth in assets or meet obligations as they become due. Liquidity risk arises in the normal course of business by taking shorter term liquidity sources, often repayable on demand or at short notice, and using these short term sources to fund credit facilities over medium to longer periods. The Company has defined the liquidity risk appetite at a level so as to ensure that the Company has a controlled liquidity risk position with adequate cash or cash equivalents to be able to meet its financial obligations, in all foreseeable circumstances and without incurring substantial additional costs.

## Asset Liability Committee (ALCO)

The ALCO develops and implements the policy and procedures that translate the Company's goals, objectives, and risk tolerances into operating standards that are well understood by the Company's staff. ALCO oversees the implementation and maintenance of management information and other systems that identify, measure, monitor and control the bank's liquidity risk.

## Liquidity management and monitoring

The Company's daily liquidity management activity is performed by the Treasury Department. Treasury's activity is overseen by the Market Risk team which measures, monitors and reports on liquidity management activity, covering the following activities:

- Monitoring of the maturity profile of assets and liabilities on a continuous basis;
- Stress testing based on the sensitivity analysis of key factors and combined events:
- Measuring Key regulatory liquidity indicators e.g. Liquidity Coverage Ratio (LCR) and Net Stable Funding Ratio (NSFR);
- Monitoring of concentration risks in liquidity sources; and
- Monitoring of early warning indicators to assess the potential impact arising from a series of defined idiosyncratic and systemic stress scenarios.

## Liquidity Contingency plan

The Company has an established liquidity position available all the times to meet the contingencies. In addition, Company has also entered into financing agreements with different Commercial Banks to meet its funding requirements.
